

JAPAN READY TO SEND TROOPS TO THEATRE OF WAR

Paris, Nov. 24.—Japan is willing to send a strong army to Europe if the need arises, the Petit Parisien says. A statement to this effect is credited to Baron Ishii, Japanese foreign minister, by G. Leichartochler, Tokio correspondent of this newspaper. He quotes Baron Ishii as follows: Thus far we have not considered the eventuality of sending an army to Europe but if there is occasion therefore Japan will send an expeditionary army. Japan does not intend to risk attack. To supply arms to Russia by Japan the Japanese is said to have remarked "Russia does not need men as only one third of the men mobilized have been armed. By the end of the month Japan will have done much toward arming completely the other two thirds."

CONFERENCE MAY LEAD TO PEACE

Zurich, Switzerland, Nov. 24 (via London)---Reports of a movement for peace were received today as a result of a conference here of Prince Von Buelow, former German chancellor with the Cardinal Archbishop of Cologne, and Dr. Von Muhlberg, Prussian minister at the vatican. Prince Von Buelow whose presence in Switzerland for several weeks has given rise to various peace rumors, arrived in Zurich from Lucerne this morning. The conference is regarded as of great importance, in view of the fact that the cardinal is on his way to Rome to attend the forthcoming conclave of the college of cardinals.

AMERICAN BOAT CAPTAIN TELLS HOW THE GERMANS SUCCEEDED IN SENDING SUPPLIES TO WARSHIPS

New York, Nov. 24.—How the Hamburg-American line succeeded in reaching German warships in the Atlantic in August and September 1914, with 2,000 tons of coal and large amounts of foodstuffs by means of the steamer Derwind, an American boat, was told today on the witness stand by the Derwind's captain, Fritz Edgard Falkenberg. Captain Falkenberg was a government witness in the trial of Dr. Karl Bueaz, Geo. Kotter, Adolph Hoehemeister and Joseph Poppinghaus, all of the Hamburg-American line, one trial on charges of conspiring to deceive and defraud the United States.

The Derwind sailed from New York at 9:30 at night, August 5, ostensibly for Buenos Ayres, with Poppinghaus in charge. Taking up Captain Falkenberg's story, her movements were as follows:

First Poppinghaus ordered him to stay within the three mile limit after leaving Sandy Hook, to avoid British cruisers, but later instructed him to steer for Cape Rome. There he was told to steam back and forth as he might meet German ships. For thirty-six hours the Derwind did steam back and forth over a sixty mile course and finally at 6:30 a. m., August 25, sighted a German fleet of five ships.

The ships were the Cap Trafalgar, the Pontas, the Eleanor, the Waerner, the Santa Lucia and the tiny German gunboat Eber.

The Cap Trafalgar hoisted a signal "B. M." meaning "come nearer," after the Derwind, on Poppinghaus' orders, had hoisted the same letters.

Weather was stormy, the winds high and the seas heavy, so the Derwind, unable to discharge her cargo, stayed sixteen days with the German fleet.

When the elements moderated she discharged her cargo, forty tons of many kinds of foodstuffs and much of her coal to the Cap Trafalgar, to which the Derwind was still discharging her cargo. Before leaving, however, the Eber gave up her guns—two four inch rifles and six one pounders—to the Cap Trafalgar. On the morning of September 14, 1914, Captain Falkenberg testified, the Cap Trafalgar and the Pontas were after leaving Sandy Hook, to surprise the British auxiliary cruiser Carmania and another British boat which came on fast, intending to give battle. The Germans turned to flee and the Derwind, weighing anchor, trailed slowly behind, veering out of range.

HUMANITY AGAIN DEMANDS LIFE OF A DEFECTIVE BABE; PARENTS WANT IT TO DIE

New York, Nov. 24.—A case resembling that of the Bolinger baby of Chicago developed here today when a New York physician confronted the question whether the life of a defective baby should be saved by a surgical operation despite the wishes of the parents. The baby, a girl, was born last night. Mentally the child appears to be normal, but is paralyzed below the waist, has club feet, distorted knee joints and a spinal ailment, which physicians say will prove fatal if an operation is not soon performed. Dr. Julius Goldsmith the attending physician, notified the parents that the child's life could be saved only by a prompt operation. He said afterwards:

"The parents absolutely refuse permission for the necessary operation. I could probably save the child's life, although it always would remain helplessly crippled. There is no action that I can take without the permission of the parents."

The father of the defective baby said:

"Believe the Chicago physician was right. For the sake of humanity, I would rather see this child die now than have it to live seven or eight years in misery and suffering. I think it would be better for all concerned. The doctors tell me an operation would only prolong its life and that it would never be well. Even though the operation were performed it would be paralyzed below the waist. If the baby's imperfections were a small thing, it would be different matter. I would not want to sacrifice its life. But it would be useless if it lives. It would always be a cripple and a charge to its parents and society. It is a hard thing to say but it would be better dead."

New York, Nov. 24.—The proportions of suicides in one hundred cities in this country last year was higher than for any year since 1909, according to F. L. Hoffman, statistician for a big insurance company. Mr. Hoffman's report shows that 4,982 persons killed themselves. This is at the rate of 20.3 for each 100,000 of population.

A NEW FRENCH-ENGLISH DRIVE IN BALKANS

Paris, Nov. 24.—Reports are in circulation in Greece that Great Britain and France are preparing for important new efforts in the Balkans. The Saloniki correspondent of the Petit Journal says he has learned from a member of the Serbian government that Premier Asquith of Great Britain sent a telegram on Monday to the Serbian government giving firm assurance that Great Britain and France will carry through the expedition. Mr. Asquith is quoted as having said: "I can assure you France and England are preparing surprises in the Balkans. You will shortly have corroboration thereof."

TWO TOWNS TAKEN

Berlin, Nov. 24.—(via London)—The Serbian towns of Mitrovitsa and Pristina have been captured, the war office announced today.

MORE TROOPS

Paris, Nov. 24.—Telegraphing from Saloniki under date of Nov. 23 the correspondent at Soloniki of the Havas News Agency says: "Four more transports heavily loaded with troops arrived in port this morning."

BIGGER ARMY

Melbourne, Australia, Nov. 24 (via London)—The commonwealth government has decided to raise an additional 50,000 men. This will bring up the Australian contingent for the war to 300,000.

MORE ADVANCES

Rome, Nov. 23. (Via Paris, Nov. 24.)—Further advances for the Italian forces in their attacks on Gorizia are announced by the war office in tonight's statement. The crest of the Calvario Heights west of Gorizia was reached and maintained, it is declared, and the positions recently won northwest of Osilava were strengthened.

London, Nov. 24.—Press dispatches from Athens say that the note presented by the allies demands freedom of movement for their forces in Macedonia, without the interposition of obstacles of any kind. It is said Greece is expected to comply.

Gallipoli, O., Nov. 24.—An effort to wreck a fast train on the Baltimore and Ohio railroad at Lindell Mine, near here last night, was frustrated when a farmer discovered several feet of rail had been removed and stopped the train.

Warship Is Ordered To Mexico

Washington, Nov. 24.—Admiral Winslow, commanding the Pacific Fleet, was ordered from San Francisco to Topolombambo, Mexico today with his flagship the Cruiser San Diego, which will carry also 275 additional marines ready to land to protect American and other foreigners.

The cruisers Raleigh and New Orleans are nearby and can reach Topolombambo in case of need in days.

THOUSANDS ASKING WILSON TO INTERVENE TO STOP WORLD WAR

Washington, Nov. 24.—Telegrams began pouring into the White House urging President Wilson to assist the movement for a conference of neutrals to attempt ending the European war. Mrs. H. F. (Irene) J. gave party toward the telegraph campaign.

The messages, which were suggested by Miss Jane Addams and other leading women peace advocates, were identified. The telegraph companies notified the White House they had thousands of the messages and asked that special arrangement be made at the White House for receiving them. The campaign will be brought to a climax Friday when a delegation of women peace advocates will call on President Wilson and ask him to interest himself in having the proposed conference of neutral nations called.

TO DIE JANUARY 10

Albany, Nov. 24.—The court of appeals today fixed the week beginning January 10 as the time for the execution of Hans Schmidt, the unfrocked priest, convicted of slaying Anna Amalber in New York in 1913.

GETS THANKSGIVING PARDON BUT MUST CEASE DRINKING

Columbus, Nov. 24.—John V. McDonald, a Meigs county penitentiary prisoner, serving a life sentence for murder in the second degree, will have true cause for Thanksgiving tomorrow. He was granted the holiday pardon today by Governor Willis on condition that he abstain from the use of liquor.

While intoxicated about three years ago he shot at his wife and killed his child.

ALLIES DEMAND A DEFINITION OF GREEK PLANS ON THE WAR

Paris, Nov. 24.—Premier Skouloudis of Greece is quoted by the Petit Parisien today as saying that if the allied forces in Macedonia retreat across the border Greece will disarm them, although the Greek government has not committed itself on this point.

Paris, Nov. 24.—The ministers of the entente allies at Athens called on the Greek government in a body Tuesday to discuss the question of what action Greece would take should allied troops now in Macedonia be compelled to retreat across the Greek frontier, save a dispatch from the capital.

The message asserts an official statement announcing the action of the diplomats described the step as totally.

WEATHER FOR THANKSGIVING

Columbus, Nov. 24.—"Probably rain and warmer" is the only hope for Thanksgiving weather tomorrow, according to the official forecast given out today for Ohio.

Indications were that it would be a murky day, with clouds overhead and fall slime under foot. Rain coats will be in order but heavy overcoats intended only to keep out cold probably may be left at home with safety.

London, Nov. 24.—Premier Asquith told the house of commons today it had been considered advisable to place all land forces on the western front under one commander. The premier's statement was in reply to a question by Sir George Scott Robertson.

London, Nov. 24.—In severe denunciation of freedom of speech such as in the recent instance of the speech delivered by Lord St. Davids, in the house of lords, in which he attacked the British headquarters staff, the Earl of Derby in charge of British recruiting, speaking before the stock exchange today declared that the house of lords needed a censor.

"The man who gives information of the enemy," said Lord Derby, "goes by an ugly name, and it should be given just as much to a speech delivered in the house of lords as to a man who (Continued On Page Six)

GUARDING WHITE HOUSE
Washington, Nov. 24.—The watchfulness of the guards about all the principal government buildings in the capital has been redoubled on special orders. Today's guards stationed at strategic positions commanding all the entrances in the building which houses the state, war and navy departments were under orders to question any persons of whom they should doubt. Any one carrying a package of any sort was subject to questioning. Hundreds of tourists pass through the buildings daily.

Since a bomb explosion wrecked a room in the capital last summer and bomb plots generally have kept the government detectives busy there has been more than usual activity among the guards here, but now the watch is even more strictly kept.

Disturbs Church Meeting, Fined; Police Court News

Boy Steedon was the name given by an East End young man who was found guilty in the mayor's court Wednesday of disturbing worshippers at the Pentecostal church on Boundary street.

Rev. Arthur Caudill, the prosecuting witness, told of Steedon creating a stir by rolling a cigarette and otherwise startling the others in the church Monday evening. He said he asked him if his mother had raised him thus, and the youth replied in the affirmative. He thought that if he could not affect him by appealing to his late mother's memory it was useless to waste any time on him, and that is why he had him arrested. He said it was just such fellows as Steedon who were keeping respectable persons from continuing their visits to the church.

Steedon denied that he had been under the influence of liquor, saying he had not drunk any for two weeks. As he is only 20 years old the mayor closely questioned him as to his sources of supply, but he evasively declared he helped himself to drinks at home and never visited saloons. He claimed services at the church had not yet started when the incident referred to occurred. He was given a suspended fine of \$25 and costs, pending good behavior. Two trustworthy members of the church have been given authority by the mayor to suppress disorders and make arrests there in the future.

The hearing of Frank Haaf, for alleged assaulting J. B. Frostick, of the Independent Taxi-Cab company, was continued until Friday because the latter failed to appear on time. Haaf is said to have uttered threats against Frostick Tuesday evening, after being rebuked by some Independent employees for crowding their taxi out of position at the N. & W. depot. Haaf is employed with the Interstate Transfer Taxi-Cab Company.

Ray Ramsey was the name given by a young man arrested for alleged defrauding May Arts of a \$5.50 board bill. He was ordered to settle for the bill and the court costs.

Truck Disabled

The rear right wheel of the Seventh street ladder truck refused to turn after the truck left the fire at White's meat shop Tuesday afternoon. A small piece of steel which must have been in the grease, was the cause of the trouble which was remedied at the Carroll vehicle shop.

Joseph H. Brant, a well known Lucasville merchant, has acknowledged his appointment by Mayor Frick as a delegate from this county to the meeting of the Commission on Church and Rural Life at Columbus, December 8. He greatly appreciates the appointment and writes that he will make every arrangement possible to attend and to hear President Woodrow Wilson.

MAYOR QUOTED IN COLLIER'S

Much of the space in current issue of Collier's Weekly is devoted to an organization to be known as the Society For Electrical Development.

Many of the most prominent mayors of American cities are quoted on the value and power of electricity. Among these was Mayor Adam Frick of this city, who, in writing about advances

made in the electrical world, said: "Certainly an agency that has contributed to the world's advancement as has electric energy and its development is worthy of a place among other agencies which have not done as much. We are glad that proper recognition is about to be given this worthy agent by so many of the states of the Union. We shall do our part by way of proper observance."

CITY VIEW ADDITION A BEAUTIFUL PLACE

That desirable building lots within a close radius of Portsmouth will find ready buyers is shown by the fact that Messrs. Shump and Pool have disposed of upwards of fifteen lots in "City View," the new addition they opened last Saturday, and which is destined to be dotted with pretty homes before this time next year, they say.

"City View" is located on the Canal pike, or West Side road, directly north of Nauvoo and con-

sists of thirty acres. It has been laid out in lots 50x100 feet, and you cannot stand upon a single foot of the pretty addition and not command a most admirable view of Portsmouth. And one of the most desirable features is the fact that every lot lays perfectly level and not a spade full of dirt will have to be lifted in the way of grading.

The new addition lies within a three minutes walk of Union Mills, which means that admirable travel facilities will be afforded those who desire to erect homes in City View. Within a short space of time it is thought the Street Railway company will extend their tracks as far as City View at least and that will add much to the value of the lots, which are being disposed of at prices ranging from \$300 to \$450, with terms to suit the purchaser. Estimates have already been made for the paving of the pike, which passes directly in front of the new addition, which will enhance the value of the lots materially.

Messrs. Shump and Pool have laid out the streets, laid the necessary filing, and are now engaged in digging a never failing well. The addition has also been set out in Southern Maple trees, which within a short time will be casting their shade and add to the beauty of the place.

Messrs. Shump and Pool are sanguine that the lots will all be disposed of within a short time, and that "City View" will be one of the prettiest home spots in the surrounding country.

Rocky Fork Drys Are Organized

C. M. Weyand, secretary Socialist County Dry Federation, addressed a large audience at Berea Chapel Tuesday evening. Much interested in the permanency of the work, the people decided to effect a definite organization for the coming campaign year. S. C. Robinson, who had charge of the work during the past campaign, acted as chairman of the meeting. Dave Watson acted as temporary chairman during the election of officers. The following constitute the officers for the coming year:
President, Lee Howard.
Vice President, Clyde Evans.
Secretary, S. C. Robinson.
Treasurer, Lafayette Fulz.
The Berea Sextette furnished their usual enthusiastic program, which contributed much to the success of the meeting.
President Howard closed the meeting in an appropriate talk, thanking the people for the honor they had conferred upon him and assuring them of his determination to carry on effective work for the advancement of the Dry cause.

INMAN'S COON WAS A CAT

An incident of an opossum and coon hunt which John and William Inman of this city staged on the West Side a few nights ago is just becoming known to their friends, who are telling it with much joy.
Messrs. Inman prevailed upon a friend in that section to accompany them, and that friend also furnished the dog. After being out about an hour, the dog struck a cold trail, and led the trio about three miles over the roughest country in that section.
Finally, after the weary jaunt, Mr. Dog took his position under a big tree, his position indicating that the quarry was nestled somewhere in the topmost branches. Mr. Friend, who is a veteran at the sport, nimbly climbed the tree, and worked his way to the top. Down below, the Messrs. Inman were all eager-
"Good Lord, it's our cat," was the exclamation that came from above. That ended the hunt for that evening, and the trio retraced their footsteps on the long hike back home.

ANNIVERSARY KEPT

Wheelerburg Court, Tribe of Ben Hur, celebrated the first anniversary of its organization and the removal of its quarters to the new McCurdy Block, with appropriate ceremonies last evening. The new state manager, W. G. Hume, of Columbus, was present, as well as a large delegation from this city, which included Mr. and Mrs. Charles A. Miller, Mr. and Mrs. G. F. Hardgrove and son Basil, Henry Cline, Joseph Davis, Elden Davis, Miss Nellie Egbert and Gilbert Dodds.
Two new candidates, Edward McCurdy and Albert Eckhart, were initiated at the meeting.
Several of the visiting members made short talks congratulating the Court on its splendid growth and during the past year.

HUNTER SHOT

While hunting three miles back of Greenup, Tuesday afternoon, Marlin Thompson, of Riverton, was accidentally shot and painfully wounded by his companion, James Litteral. Eight shots were imbedded in Thompson's face. He was on one side of the railroad track and when a rabbit jumped up in front of Litteral on this side of the track, he fired at the rabbit and Thompson was almost directly in front of the gun. Thompson was brought to Dr. H. T. Morris' office in Greenup at 6 o'clock last evening. Four of the shots were found imbedded in his right jaw, giving evidence of how close he was to the gun when discharged.

Bishop D. H. Moore Dies In Cincinnati

Cincinnati, Nov. 24.—Bishop David H. Moore, of the Methodist Episcopal church, who was taken to a hospital yesterday, suffering from what appeared to be a paralytic stroke, died last night.
Bishop Moore was returning to his home here from a visit to his brother in Chicago, when stricken. Bishop Moore was retired from the Methodist Episcopal church in 1912 but since that time has taken an active part in important conferences of the church, including many on the Pacific Coast.
Shortly after being elected bishop in 1900, Dr. Moore was stationed at Shanghai, China, with special jurisdiction over the Methodist missionary work in China, Japan and Korea. From the Far East he was sent to Portland, Ore., where he remained head of his church until appointed bishop at Cincinnati in 1904. Bishop Moore was born in Athens, Ohio, in 1838.
Bishop William Anderson, resident Methodist bishop of Cincinnati, will preside at the public funeral service for Bishop David H. Moore to be held Friday morning at 9:30 at the Walnut Hills M. E. church. Dr. Levi Gilbert, Dr. Albert Nast, Dr. John Hume and other prominent Methodists, who were close to Bishop Moore, will participate in the services. At one o'clock the funeral cortege will take the train for Athens, Ohio, birthplace of the Methodist bishop, where final services will be held Saturday morning.

NO MORE BACKACHE NO MORE MISERY

Hundreds of people have been relieved of the agonies caused by weak, diseased or clogged kidneys by using Solvax, the new remedy that quickly reaches the source of all kidney complaints.

If you suffer with pains in your back and sides or have any signs of kidney or bladder trouble such as rheumatic pains, puffiness swellings under the eyes or in the feet and ankles if you are nervous, tired and run-down, or bothered with urinary disorders, Solvax will quickly and surely relieve you of your misery.

Solvax is probably the most powerful remedy yet devised for ridding the system of uric acid and driving out all the poisonous impurities which cause such troubles. It neutralizes, dissolves and makes the kidneys spit out all the uric acid and poisons left by the blood, and renders the kidneys and urinary organs clean, vigorous and healthy.

Many of the best druggists say that in medicine ought to be held for unless it does the user some good. Solvax therefore sells under a positive guarantee to quickly relieve the worst cases of kidney trouble or your money refunded. Try Solvax today and if you cannot say just go to the druggist from whom you bought it and tell him you want your money back and he will return it without question. This is the strongest argument that can be offered in behalf of any medicine. Solvax is sold in Portsmouth and vicinity by Warner Bros. and other leading dealers.

Wise Women

Saving money is wisdom applied to practice—the cautious move that prevents poverty and dissipates fear as old age creeps on. And women—keen of perception—accept the savings habit as a self imposed task. That perhaps, is why so many of our regular depositors are women—wise women—drawing 4 per cent interest per annum on their safely saved funds.

Little Miss Mary Frances Jordan the attractive little daughter of Mr. and Mrs. Alan Jordan, was five years old yesterday, and to celebrate the event, entertained her little kindergarten friends at the kindergarten yesterday morning. Thirty-two little tots, including the little hostess's brother, Alan Jordan, Jr., enjoyed the delicious refreshments of ice cream, cake and candy. The pretty birthday cake, with five pink candles, was of special attraction.

Clarence Shillery is here from Wapakoneta to visit his parents, Mr. and Mrs. Calvin Shillery, on High street.

Rev. and Mrs. F. W. Chase, of Highland avenue, have gone to their old home, near Sciotoville, to stay over Thanksgiving with Mrs. George Sherman and Mr. Frank Price, sister and brother of Mrs. Chase.

Mr. and Mrs. Alan Jordan and two children, Mary Frances and Alan, Jr., will go to Columbus for a few days' visit with relatives.

Mrs. J. P. Smith, of Union street, left today for Stockdale, called there by the serious illness of her niece, Miss Winnie Brown, daughter of Mr. and Mrs. Oscar Brown, who has typhoid fever and is not expected to live.

Mr. and Mrs. Harry Glenn, of Third and Offshore streets, will have as Thanksgiving guests their sister and brother-in-law, Mr. and Mrs. Samuel Messner of 22839 Gallia street, who has been ill with tonsillitis is recovering.

Barbara Sparks of Mabert Road is suffering with an attack of diphtheria.

Miss Rose Montavon, book-keeper at the Atlas Trading Company's store, expects to spend Thanksgiving at her home on the West Side.

Miss Dollie Blomeyer will arrive home tonight from an extended visit with relatives in Cleveland.

SCROFULA AND ALL HUMORS GIVE WAY

There are many things learned from experience and observation that the older generation should impress upon the younger. Among them is the fact that scrofula and other humors are most successfully treated with Hood's Sarsaparilla. This great medicine is a powerful combination of remarkably effective blood-purifying and health-giving roots, barks and herbs, and has been tested for forty years. Got it today.

Rea Selby will entertain with a house party over Thanksgiving. His guests will be several young women and young men school friends of the O. W. U., and Miss Katherine Newman, of Columbus. Mr. Selby and Miss Newman will attend a ball in Columbus this evening. The other members of the party will come on to Portsmouth this evening and will be joined tomorrow by Rea and Miss Newman.

The young people who are coming home this evening from the O. W. U., Delaware, are Misses Emma and Marjorie Jenkins, Elsie Cranston, Mildred Pardon, Helen Rardin, Margaret Anderson, Audrey Nourse and the Misses Chandler, daughters of Rev. and Mrs. Chandler; Messrs. Clyde Fitch, Rea Selby, Russell McCurdy, Vaughn Finney, Graham Rare and William Dupre.

Willard Smith has gone to the country on a hunting trip.

The Misses Lola and Ruth Chalmers will leave this evening for Ashland, Ky., to spend Thanksgiving with friends and attend the Elks' Fair.

Otto Blum, who has a splendid position in a fine drug store in Columbus, and John Blum, who attends the O. S. U., Columbus, are here for their Thanksgiving holiday, visit with their parents, Mr. and Mrs. Robert Blum, on Waller and Seventeenth streets.

The Trinity Methodist Woman's Home Missionary Society will hold a Bazaar, a bake sale and sale of fancy articles Saturday, December 4th, at Prebend's.

One of the most delightful events in the history of Section One, of the First Christian church, was the social given at the hospitable home of Mr. and Mrs. Leslie Evans, of 921 Front street, Tuesday evening. The attendance was upwards of forty, and each person present had a most enjoyable time. The refreshments, consisting of ice cream, cake and coffee, were furnished by Mrs. "Dick" Millison, one of the leaders in the section. Every section in the Woman's Union was represented at the meeting. Section One's treasures were enriched quite handsomely as a result of the splendid affair, which will ever be kindly remembered by those fortunate enough to be present.

Mr. and Mrs. Earnest and son, of Northern Canada, arrived here recently to make a visit with their

cousin, Mrs. Ida McElhenny, of first appearance on the screen. This delightful picture will be the Thanksgiving attraction at the Columbia tomorrow. Admission, adults 10 cents and children 5 cents both afternoon and evening.

"The Rosary" At the Lyric Tonight. Theda Bara in "Lady Audley's Secret" Tomorrow. Packed houses at the Lyric this afternoon saw this beautiful production of "The Rosary" in seven parts, and everybody had nothing but praise for a wonderful story, superbly produced. Kathryn Williams as Vera Wallace, is simply splendid and the same is true of every one in the cast. It is one of the most absorbingly interesting pictures ever shown here and nothing should keep you from seeing it tonight. The shows this evening will start at 6:30, 8:10 and 9:50, or as near as possible to this given time. The admission is only 20 cents for adults and 10 cents for children. Come as early as you can.

Mr. and Mrs. Oscar Anderson, of Fifth street, will leave this evening for Ashland to spend Thanksgiving Day with relatives in that city.

Miss Hortense Bell left this afternoon for Cincinnati to spend the remainder of the week with relatives.

Mr. and Mrs. Harry Ball and son, Morris, and Miss Ethel Morris, of the High school faculty, motored to Columbus this afternoon to spend Thanksgiving with Miss Morris' parents.

Miss Elizabeth Mingo, of Second street, left this afternoon for Cincinnati to remain until Sunday as the guest of relatives.

Mrs. Georgia Malone, of Waterloo, Iowa, and son, Herbert, of Detroit, are Thanksgiving guests at the home of Mrs. John Duis, in Wheelersburg.

J. W. Darlington, of Brighton, Ill., and sister, Mrs. R. J. Jones, of Eucassville, who have been visiting their niece, Mrs. J. M. Whitmore, at Elsinore, Utah, for two weeks, departed Wednesday for the Pacific Coast, where they will spend the winter in visiting in San Francisco, San Diego and Los Angeles. Mrs. Whitmore gave a Kensington reception in honor of her aunt, which was attended by fifty women from Price, a small town close to Elsinore.

The artistic beauty of the seaside locations in this two-part drama is marked. The story is not exceptional, and it more than suffices when combined with scenes of such an engaging quality. If the locations call for first mention, two members of the cast warrant second, for they possess enough individuality to attract attention—Jose Reuben, playing a young artist, and Jean Hume as the sweetheart whom he cannot marry. In the garb of a fisherman's daughter, Miss Hume is a remarkably fetching girl, sweet and unaffected and quite the partner for Mr. Ritchie in a photoplay romance.

"Billie's Debut" is a fine Lubin comedy. "Billie's Nurse" is a Mina. You see the above, then this one, take your choice of which is the best. Five cents pays for all your enjoyment.

"The Unsuspected Isles" At the Majestic Theatre. An unusually strong bill will be offered the patrons at the Majestic theatre tonight, and no doubt the popular little play house on Second street will be crowded to the doors. First will be a two reel Reliance, entitled "The Unsuspected Isles," a two reel play that is full of life and emotion, one based on real facts and a guaranteed attraction throughout. This will be followed by a Thanhouser, "Out of the Sea," a clever drama and one that will hold the undivided attention of the audience from beginning to end. This will be followed by a rousing comedy, bringing to an end one of the best programs ever offered Majestic patrons. The best of all

KEEP LOOKING YOUNG
It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a yellow complexion—dark rings under your eyes—pimples—a blotchy look in your face—full eyes with no sparkle.

Your doctor will tell you shortly per cent of all ailments comes from inactive bowels and liver.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action, yet always effective.

They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

"The Broken Coin" At The Arcana

"The Deluge," the fifteenth episode of "The Broken Coin," depicts the trapping of Sackis's soldiers in the flooded dungeon keep of King Frederick's palace. Surrounded on all sides by the soldiers of his enemies, the king turns on an old wheel formerly used to torture prisoners, this turns on the water and Kitty and the king watch their enemies slowly drown.

"An All Around Mistake" by King Baggot depicts adventures of a married man who goes out on a foot, commits murder in his inflated imagination and finally winds up in jail. It is a corked comedy.

"Every Man's Money" is a story of a wealthy young bachelor who through an accident marries a beautiful young lady, and immediately after the wedding regrets it as he fancied she married on account of his wealth. He loses his fortune and finds she loves him just the same and decides to be a man and make a new start in life.

"Hiram's Inheritance," a great comedy, completes this special bargain program.

What to Do for Eczema
Greasy salves and ointments should not be applied if good clear skin is wanted. From any druggist for 25c or \$1.00 for extra large size, get a bottle of Zemo. When applied as directed, it effectively removes eczema, quickly stops itching, and heals skin troubles, also sores, burns, wounds and chafing. It penetrates, cleanses and soothes. Zemo is dependable and inexpensive. Try it, as we believe nothing you have ever used is as effective and satisfying.

MORE ABOUT APPLES.

Having gathered some interesting data and figures, bearing on Mr. Dillon's farmer, who raised a fine apple crop, that he said it wouldn't pay him to haul to town, we again return to the subject, with the confession of the suspicion that our friend Dillon's farmer was a poor hand at selling.

There is Farmer Harvey Deemer, of Harrisonville, who won two first prizes at the corn carnival, and sold his crop, short of two hundred bushels, at prices ranging from 80 cents to a dollar. Up to this year he had never raised any of the fruit worth eating, but he had his orchard sprayed for the first time by Dr. Keyes, something of an expert and he got enough out of it to pay taxes and furnish winter clothing and fuel. Then there is Farmer W. T. Funk, of Lucasville, who raised and marketed 1,400 bushels. He goes strong on Staymen's wine sap, one of the best eating and keeping apples that grows, and from his crop he realized close on to \$1,500, selling all right here in Portsmouth, anywhere from 80 cents to \$1.25, according to quality and quantity. He got pin money to the extent of \$18, at the corn carnival show. Dr. W. J. Keyes, of this city, who is building up an old orchard near Harrisonville, his crop a small one, sold it also at from eighty cents to \$1.25. It may be remarked that there is no greater apple enthusiast in the county than Dr. Keyes, and he is more than satisfied with his experiment so far. We must not fail to mention Lawyer A. T. Holcomb, of Portsmouth. He marketed 500 bushels and got an average price around 80 cents.

One grave mistake those raising apples make is not cultivating in variety and in right manner. Experience shows "good eaters" and fair keepers are the best for this section. A well assorted orchard should contain Staymen's wine sap, Grimes Golden, Delicious and Rome Beauty, and to these it would be a good idea to add King David, York Imperial and Belle Flower. If one intends to raise for the larger markets are to sell to buyers, who themselves harvest and barrel, it might be desirable to have a small, rather than a great variety. As a rule the apple that has plenty of juice and a pronounced flavor will be found the most profitable. In the names used we have given first the four that, all things considered, are best to begin with. Our personal preference is slightly leaning to the wine sap, but Grimes Golden and Rome Beauty are, perhaps, better known, and Delicious seems to be taking strong hold with growers.

Close care should be given to trees and above all they should be sprayed properly. No less important is keeping informed as to the markets. It will surprise most people, even the majority of growers themselves, that all of last winter, apples brought more day after day on the Chicago market than did grape fruit—that isn't such an exceptional case either. The per capita consumption of apples is rapidly growing, because they are not only good to the taste, but because it is becoming a more widely recognized fact that they are the most wholesome of all fruits. You can eat an apple anywhere, any time, and it will do you good, and best of all you can now get apples almost the year round.

SHE AND HER WAYS.

Woman will have her will and that is all there is about it. What she doesn't take in it the law gives to her anyway; no, that isn't the right way of putting it either, but what she wills the law allows her.

This was tested no later than this week at Springfield, and so proven when the divorce suit of Pearl Marshall against Anna Marshall came on for trial. Pearl, who may or may not be a gem of purest ray serene and priceless, alleged and proved, for that matter, that the fair and festive Anna had spent the money he gave her for household necessities in going to the movies and buying knick-knacks and foolish personal adornments, and further, that she had signed her husband's name to get money on his life insurance policy. He alleged this was gross neglect of wife's duty, and was besides cruel conduct. The judge held it wasn't anything of the sort, and then set down the law, that a marriage is a partnership and if a husband isn't satisfied with the way in which the wife runs the home all he has to do is to knuckle down and besides doing his own work from rising to setting of sun, do the sweeping, the scrubbing, the washing and the ironing and the tending, and all other feminine tasks that are never done doing. The divorce was refused.

And yet they talk about woman demanding her rights. It's ridiculous to demand a thing when all you have to do is just take it, and be upheld in the matter.

The only thing that worries us in the announcement that Bryan is getting to oppose preparedness, is it is the first time we have ever known him not to be set hair-triggered for opposition.

CANCER CAN BE CURED!

(Journal of the American Medical Association)

When there is mention of "a cure for cancer" the invincible hope of mankind takes a new flight. But so far time had laid low every vaunted "sovereign cure", and the reaction has too often brought on an aggravated attack of pessimism. The history of cancer is indeed composed in very large part of the sad record of various methods of treating the disease that have been hopelessly but unsuccessfully tried. As yet there is no cure for cancer—no panacea—that will heal up all forms of the disease. It seems as if a cure of that kind would be little short of a miracle, and this is not the age of miracles. Several agents have been discovered that do in certain cases have a curative effect on malignant growths, but tumors vary so in their nature that it is hardly to be expected that all kinds of growths should yield to one form of treatment. The manner of treating each kind is necessarily different. In the great majority of instances, therefore, it is still safe to say that the only reliable remedy is early surgical removal. Some rare or unusual cases may yield to other forms of treatment without the use of the knife, and certain agents are used for palliative treatment with wonderfully beneficial effect, even in hopeless inoperable cases. But so many remedies that have in the experimental stage given promise of value in the treatment of cancer have turned out to be practically useless that the public grows increasingly cautious of proclaiming a new "cure." Premature announcement concerning the efficacy of a particular form of treatment gives rise to much hysterical discussion and raises false hopes that make sufferers defer recourse to surgical treatment, which would save them if submitted to in time. The havoc of these false alarms impels the repetition of the remark of an eminent research worker who incisively states that "anything but surgery, where surgery is possible, in the treatment of cancer, is unpractical." This may seem a radical view, but until medical science produces a method of treatment that is recognized and sanctioned by the profession we had better "watch our step" in the matter of cancer cures. By the same token we may still insist that the chief defense against the oncoming cancer at the present time is not a drug, nor a serum, nor a ray, nor a miracle, but simply the knowledge of the danger signals by which to recognize the disease early and have it promptly attended to by competent advisers. In early recognition and treatment lies the hope of cure.

As we recall an incident of a couple of years ago G. O. P. followers jeered themselves hoarse because the successful maynearly candidate required all job hunters to file written application with him; they see nothing to scoff at in the order now made by another and the shoe is on the other foot.

It is a good thing to go down—and look at that new bridge. It is as good proof as need be that Scioto county is learning to do things in a new way, the right way—which is making public improvements that are permanent in fact as well as in name. No, don't look at the towpath, that's another thing and another way.

The sizes are we use to get some real Thanksgiving weather.

A DANGEROUS CROSSING.

Our attention has been called to the unsafe condition of the underground crossing just this side of Sciotoville. It is said to be in such shape that it is very dangerous, one of our correspondents stating that it was the most dangerous piece of road between Portsmouth and Ironton.

At the point in question there is a small stretch of about 150 yards that is not paved, the pike crosses under the R. & O. S.W. tracks and there is a sharp, short curve. Owing to it being dangerous the state refused to pave under the tracks until the B. & O. had lengthened its bridge, thus permitting the road to be straightened somewhat. Since the paving on either side was completed the B. & O. has put in a 40 foot steel span, and during the erection of this span a wreck caused the roadway underneath to be badly torn up. This has never been repaired and roughness of the road, together with the sharp curve, has produced a very dangerous condition.

The repair of the section is a small matter. That it has been allowed to go in its present condition, is surprising and it is to be hoped that the commissioners or the county surveyor, will see to it that the necessary repairs are made at once.

Man's trousers are as tight as they were 50 years ago, but of course there isn't so much stooping-over work to do nowadays. St. Joseph Gazette.

The Friends of Indiana are protesting against putting this nation on a war basis. Your Quaker is not rushed off his feet by every line and cry.

The neighbor women are just as human as the next man and when a divorce suit eventuates in the neighborhood they sincerely believe that they knew all the time it was coming, although if they really had the back yards would have been teeming with confidential advance information.—Ohio State Journal.

We have noticed that young girls giggle just about as much during the so-called melancholy season as at any other time.—Toledo Blade.

The national labor council has resolved strongly in favor of President Wilson's peace policy. The more important matter is will its members vote the way they talk?

Now just to think, you no longer hear the inquiry: Is the temporary bridge still standing? Things are forgot as soon as people.

Don't all you men rush to Missouri simply because a St. Louis judge has ruled that a wife has to support her husband.

And now the steel mills are pushed beyond reasonable limit to keep in sight of home orders, such are these awful Democratic times.

NEW-YORK-DAY-BY-DAY.

O. O. MCINTYRE.

New York, Nov. 24.—Sailors on the wharf.
"A marvelous performance," cried a stranger who looked as if he might have money. "I would like to engage you."
"For the movies?" said the athlete eagerly.
"No," said the stranger. "I think you are just the man to do my Christmas eve shopping for me." But the athlete closed his eyes.
"Not that test," he muttered. "Not that!"
The homicide bureau reports that so far this year in New York there have been twelve domestic tragedies. The eugenic marriages are not included in this list.

Frank O'Brien has discovered the Original Low Brow. "I'm for Wilson," said the O. L. B., "but who's this fella Marshall they talk of putting up for vice-president?"

The influence of the moving pictures is now being felt in politics. State Assemblyman Mitchell, of the Twenty-first New York district, author of the motion picture censorship law, has been defeated for re-election by a majority of more than 1,200 votes. His election was considered certain.

He had received the nominations of both the Republican and Independence League organizations and was opposed by two rival candidates who were expected to divide the opposition.

The motion picture people organized a campaign against him and made it effective by selecting one of the opposing candidates to receive their support.

Irvin Cobb's play, "Back Home" is not calculated to remain long on Broadway. Cobb, however, has slyly put the blame on Bayard Veiller who dramatized the piece. As a dramatist, Cobb admits he's a pretty fair short story teller.

New York shop girls are beginning the dread season of torture. No way has ever been devised to make Xmas buyers shop early. They wait until the last week and then comes the jamming, pushing and shoving and hysteria in the big department stores.

It is told that a huge athlete had just swum through Hell Gate with his hands tied and two men clinging to him. He lay gasping for return to Kuhl Bros.—Stevens Point (Wis.) Journal.

There is a path, a golden path,
A path the late birds know,
That winds about and in and out
Where sedgy waters flow.
Tis pastured o'er with yellow
leaves,
And brown and sere and red,
And at the end in crimson sheaves
The sunnys lift its head.

Unknown it is, this little path,
Entered of many feet;
And soft the air inviting there—
Oh soft, beguiling, sweet—
The breeze that turns away from
town
And bids to seek and find
Among the leaves that tremble
down
Peace, and a quiet mind.

A little golden happy path
Where peace and silence tread,
The sunlight's play through all
the day
With gentle joy is wed,
Far and remote the world is
there,
And over the yielding sod
The happy pilgrims onward fare
Toward evening hills of God.

NEW YORK STOCKS
New York, Nov. 24.—Some recovery from recent dull and irregular operations was made by today's market, rails sharing in the general improvement.

Metal shares and some of the war specialties were again moderately active and higher at the outset of today's trading. Utah copper was the chief feature, its rise of 1 1/2 to 7/8% being associated with the proposed disintegration of the Guggenheim Company. Lackawanna Steel, Westinghouse, and stocks of similar description were 1 to 2 points higher while Cuban American Sugar rose almost four to the new record of 1.45. Steel which was unusually sluggish yesterday soon gained 1/4 a point at 87 1/2. New Haven's recurrent heaviness featured the railways.

An odd mixture of gains marked the first hour which was slightly more active than yesterday's same period. Texas Company, which opened at 129, a decline of 1/4, soon reversed its course, advancing to 210, a new record. This same distinction was shared by Cuban American sugar on its advance of 3/4 to 1.50. Other oil and sugar shares were strong and United Fruit rose 4 to 163, its recent maximum. Crucible Steel preferred gained 3/4 at 112 1/4 in recognition of the resumption of dividends. Increased weakness of New Haven, which fell 2 1/4 to 75 1/4 unsettled other rails.

The entire list showed greater animation and strength in the final hour, minor rails and American Smelting being the chief features. The closing was irregular.

CHICAGO GRAIN AND PROVISIONS
Chicago, Nov. 24.—Wheat eased off in price today as a result of the fact that cables were disappointing to the bulls. Liverpool dispatches told of resellers emptying and of larger arrivals, both native and foreign. Besides, the removal of peace gossip tended somewhat to favor the bear side of the market. Opening quotations here, which ranged from 1/4 to 1/2 lower, with December at 103 1/2 to 103 3/4, were followed by a moderate further decline before a reaction began.

Afterward, the losses were at one time more than overcome, owing largely to the strength of corn. Upturns, however, failed to hold, bearish sentiment being emphasized by the lack of export demand. The close was unsettled 1/4 to 3/4 and 1/2 cent net lower, with December at 103 1/4 and May at 106 1/4.

Corn rose to new high record prices for this year's crop. Unsatisfactory husking returns and a prediction of unsettled weather had a good deal to do with the buying. After opening 1/4 off to a shade advance, the market scored gains all around despite temporary setbacks in sympathy with wheat. On the bulge, profit taking sales were heavy. The market closed nervous at 3/4 to 1/2 and 1 cent net advance.

Oats responded to the changes in corn. Fluctuations, though, were narrow and trade light. Provisions averaged higher. There were signs of some investment buying.

Convicts Himself

William "Yank" Robinson, a cripple, who was arrested for alleged abusing his mother, was permitted to sit in judgment in its own case. He thought that he should pay a fine of \$5 and the mayor agreed with him, releasing him in order that he might raise the money.

LOOK OUT, YOU COTTONTAILS

More than seventy-five persons secured licenses at the court house this morning. Not marriage licenses, but hunters' licenses. Dan Cupid was fur outdistanced by the call to the wild on the day before Thanksgiving. John W. Hall, clerk of courts, was unable to do but little else except fill out the blanks required by law and collect the fees.

FIRST PRESBYTERIAN DINNER

All arrangements have been made for the free Thanksgiving Day dinner that is to be given to the children of the First Presbyterian Sunday school Thursday morning. At 10:30 o'clock the children will be given an automobile ride over the city. At 11:30 the big dinner will be served in the church dining room. The menu will contain all kinds of good things that go to make up a Thanksgiving dinner.

FELL BETWEEN CARS

Owen Moran, who while beating his way east on a C. & O. freight train, fell between the cars and narrowly escaped being ground to pieces near Garrison, Ky., Tuesday. He was removed from the Wesley Hill Mission by Lynn's ambulance to Hempstead hospital Tuesday for repairs. Moran was badly bruised up.

Services Tonight

Special Thanksgiving Day services will be held tonight at Trinity church in place of the regular prayer meeting. Rev. W. T. Gilliland will have a special sermon on "The Monument of Gratitude." The services start at 7:15 o'clock.

Allowed \$3 Per Week

In the matter of temporary alimony for Sina Spriggs, plaintiff in a divorce action against her husband, Joseph M. Spriggs, of this city, Judge Thomas at noon today allowed her \$3 a week and the income from the rental of a house in the East End, owned jointly by the suit, pending the hearing of the suit.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old home St. Jacobs Oil

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 25 cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. 'Tis magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!

COMPLAINT

Oscar Coburn Named To Head East End Business Men's Club

The East End Business Men's Club organized for the betterment of conditions in that rapidly growing section of the city became an actuality Wednesday afternoon when many business men of that section met in the building occupied by the Voelker Drygoods Co. and effected a permanent organization.

These officers were unanimously elected:

President, Oscar Coburn.
Vice President, O. A. Smittle.
Secretary, John Fritts.
Treasurer, Thos. Brand.

There was an interchange of ideas all around and there is no question but what the East End Business Men's Club is going to be heard from in the future as its membership includes many of the real live wires of this section and some of its heaviest taxpayers.

Among those present at the meeting were John Fritts, Clarence Coryell, O. Shoemaker, Louis Distel, Louis Lemon, Oscar Coburn, O. A. Smittle, Geo. Coryell, Albert Dunn, John Voelker, Thos. Brand, John W. Flood, Harry Anderson and John Kyle.

An entertainment committee was named and it composes John Flood, John Voelker and John Fritts.

It was decided to give a big smoker in the Distel building on Gallia street Monday night Nov. 29.

KNIFE WOUND ON HEAD

Dr. J. F. York, of Sciotoville, colored labor who had a knife wound on the top of his head. He claimed to have been wounded in a fight with another laborer. Dr. York took 12 stitches to close the wound.

NATIONAL DEFENSE AND REVENUES ARE FEATURES OF MESSAGE

Washington, D. C., Nov. 24—President Wilson's annual message to congress, approved unanimously by the cabinet, was nearing completion today. It will be featured by a discussion of national defense and revenues, though the questions on which the president looks to congress for action will be taken up. These include a merchant marine, conservation, greater self-government of the Philippines and the rural credits.

The message will declare that the United States has a humanitarian mission of peace in the world, and

therefore, must be ready to defend its right to independent and unimpaired action. Secretary Garrison's plan for a continental army of 400,000 men will be strongly supported.

The President will, as did last year, again declare that it is proper for young men to learn to be soldiers and express the belief that plans submitted by the army general staff call for a standing force larger than the country wants. In referring to the 1916 plans, the president will declare that it is a necessity to provide men, munitions and equipment as it is to build warships.

HIGH MASS AT 8:30 A. M.

High mass will be celebrated at the Holy Redeemer church at 8:30 Thursday morning by the Rev. J. E. McGuirk. Selections appropriate to the Feast of Thanksgiving will be played on the organ.

BIRTHS

Mr. and Mrs. J. H. Kelley, of Oakland avenue, received the news that a fine 12-1-2 pound son came to gladden the home of Mr. and Mrs. J. V. Pollock, at Lawrence, Mich. Just two weeks ago the home was saddened by the sudden death of little Jimmie, aged 5-1-2 years. Mr. and Mrs. Pollock were former residents of Portsmouth and only recently visited here.

Born on Tuesday morning to Mr. and Mrs. Harry M. Stead, of 763 Third street, a nine pound daughter. The proud father is employed at the Distel Furniture Company's store.

Mr. and Mrs. John Pulcher of 3029 Gallia street, are the proud parents of a baby girl who arrived Wednesday morning. Mr. Pulcher is a Breuer Manufacturing company's employee.

A son was born Wednesday to Mr. and Mrs. Alfred Baker of Gallia street. Mr. Baker is employed by the Whitaker-Glessner Steel company.

Gone to Mr. and Mrs. Steve Elliott, of 1224 Ottawa street, a baby girl this morning.

Some of Steve's friends say to none of Steve's friends, or Steve's friends, and that might give him some consolation. Others say Steve wanted a girl, anyway.

Two girls were recently born to Mr. and Mrs. Albert Brining, of Chillicothe. Mr. Brining is a past-master of the Chillicothe B. P. O. Elks Lodge and has frequently visited here. He is a cousin of the prominent Mrs. and David A. Brining, of Ottawa street, this city.

must come in very much larger numbers during the next three weeks, if the position of the voluntary system was to be made absolutely unsatisfactory, Lord Derry asserted.

"We are going to win this war whatever the cost," he added, "but it is no use making that assertion unless everyone does his duty at this crisis."

Stung by the vitriolic criticism of his recent attack in the house of lords on the British headquarters staff at the front, Lord Derry told them that a wrong construction had been placed on his words. When he spoke of the visits of women at the headquarters he only had in mind a single visit at the beginning of the war, he said.

Democrats Favor Early Convention

New York, Nov. 24—Democratic party in power holds its convention first. I believe we are all open-minded as to where the convention should be held. He pointed out that the selection of a convention city for 1916 would not have the same political significance as in that from what he had gathered from the members of the committee it was likely that the convention would be held during the first two weeks of June.

"We are the dominant party now," said the chairman, "and usually the

FEAR NIGHT RIDERS

Clarkton, Mo., Nov. 21—Armed guards kept watch on the outskirts of this city until daylight today searching for the so-called night riders from whom an attack was feared.

Eight men to whose homes bloodhounds led a posse yesterday were in jail in New Madrid, Mo., today, suspected of being members of the party of night riders which yesterday fought a battle with six detectives in a swamp near here. No trace of five night riders who are believed to have been wounded have been found.

The night riders who are thought to be farm laborers and tenants have committed numerous crimes in the campaign for higher wages, cheaper rentals and lower food prices.

England To Send 4 Million Men Into The Field

Paris, Nov. 23.—Earl Kitchener, the British secretary of war, in conversation with Greek officials in his recent visit to Athens, is reported to have declared that England will have by next March four million soldiers under arms and will be in a position to arm and provision six million Russians, and that consequently it would show great stupidity to think the war would end otherwise than in complete defeat for Germany.

This information is contained in an Athens despatch to the Havas agency, which adds that Lord Kitchener admitted that the declaration of war

found the entente powers insufficiently prepared for so long a campaign, but said that the allies had known how to utilize the time that has since elapsed to complete their military preparations.

Philadelphia, Pa., Nov. 24—Contractors for the building of four more steam ships valued at \$5,000,000 have been placed with Delaware shipbuilding companies. Two of the ships are to the Mexican Petroleum company. The others are for the United States Navy.

With these awards contracts are now let by yards on the Delaware river for ships valued at approximately \$5,000,000 and aggregating 38,000 tons. More than 20,000 men are engaged in shipbuilding along the Delaware.

Mrs. V. V. Crawford suffered a paralytic stroke at her home in South Portsmouth Tuesday and her condition is reported alarming. She is the mother of Mrs. O. A. Case and Dan Crawford of this city.

OBITUARY

Two Aunts Dead

By a strange coincidence, an aunt each of James Ryan, the Duena Vida auto bus man, and wife, died about the same time a few days ago and were buried the same day.

Mrs. C. Louise Hamilton, who died of pneumonia at her home in Newport, Ky., reared Mr. Ryan after the death of his mother, when he was a mere child. Her remains were brought to Sandy Springs, Adams county, for burial. Mrs. Margaret Easter, wife of John F. Easter, of West Union, who died a few days ago, was an aunt of Mrs. Ryan.

H. E. McMillan

Miss Clara B. White of Eighth street, received a telegram on Wednesday telling of the death of her brother-in-law, H. E. McMillan of Orlando, Fla. He died Monday of acute indigestion. The deceased was about 53 years of age. Mrs. McMillan before her marriage was Miss Florence White of this city.

GOVERNORS

Toledo, Nov. 21—Threatened "war" between Ohio and Michigan in 1835 over the interstate boundary near here, when the casualties involved two horses and the principal consisted of imprisonment of a few officials, was recalled when Governor Frank B. Willis, of Ohio, and Governor Woodbridge N. Ferris, of Michigan, shook hands over the present boundary line. They were among the official party which formally dedicated a monument on the new line at Point Place, a few miles from Toledo.

was free to make engagements with young girls. He might have been a perfectly nice single man, and again he might have been a married man or a crook or what not. It's a risky business for a girl to "strike up" an acquaintance with a man she knows absolutely nothing about.

Dear Dolly.—I am a married woman 22 years of age, have two children. I have blue eyes and light hair. My husband is so mean to me that I am very much dissatisfied. He doesn't allow me to go to church or any kind of entertainments, and does not want me to go out to a neighbor's house after night. I have a notion to elope with another man. What do you think of this? I am willing to take your advice on these things. Do you think that if I would leave him for a while that it would turn his disposition?

WORKING WOMAN.
No wonder he doesn't want you to go out if you are in the habit of meeting other men. The place for you at night is at home with your husband and babies. What right have you to go gallivanting up and down the streets after night by yourself or with some other man or woman. If you go out with your husband and children all well and good, but if he

is too tired to go out after a hard day's work you should stay at home with him and try and make your evenings as pleasant as possible. You can go out after hours and have your friends come in occasionally to spend the evening. Shame on the married woman who would even think of such a thing as eloping with another man. If you change your mind I'll wager he'll soon change his disposition. It won't be necessary for you to leave him even for a few weeks. If you did not want to settle down and assume the responsibilities of married life why did you get married?

Dear Miss Dolly.—As you have been giving much valuable information would you please tell me what I am going to ask. I am a graduate of Holy Redeemer school and desirous of becoming a nurse and would like to know what salary, if any, you get at Mt. Carmel Hospital at Columbus while learning and how long it usually takes to learn? I am about 21 years old and wish to have your opinion on the question and would you advise me to learn same? Do you stay at the hospital the whole time you are learning? I mean have your room there? Would like to enter about the first

of the year and maybe much sooner and would thank you to give this your best and immediate attention. Thanking you in advance for any information, I am
A WOULD-BE NURSE.
The course at Mt. Carmel training school for nurses is three years. You work the first three months without pay then you will receive five dollars per month thereafter until you complete your course. You stay at the hospital while in training. You could probably enter the first of the year or sooner if necessary. However would advise you to write to Sister Mary Virginia, directress of nurses, and ask her to send you an application blank. Fill out and return same and she will then notify you when to report for duty.

Miss Wise.—How can I find out the name and address of party advertising canary birds for sale

in your paper?
OUT OF TOWN.
I called the party over the phone and they informed me that they had exhausted their supply of birds soon after the ad appeared in The Times.

Ambitious Brown Eyes—Your education is about as good as that of the average country girl. However you are not a very good speller. If you have any leisure time you can study at home. Also read good books and magazines, in this way you can educate yourself. If your mother has poor health and needs you at home, stay there and help her. Remember when she is gone no one can take her place.

Three Bills—Will say for the 'seventh time that we do not advertise firms in this column, so why continue to ask such questions?

TIMES SERVICE PATTERN 1474

1474. Ladies' Princess Slip.
A desirable under garment.

This style fills the requirements of a corset cover and skirt combined, and may serve as an underdress for gowns of transparent materials. It may be developed in silk or satin, organdie, lawn, crepe, batiste or cambric. It is simple, and easy to fit and make. Its development at home will be much less than what would be paid for the finished garment if bought ready made. The pattern is cut in 6 sizes: 34, 36, 38, 40, 42 and 44 inches bust measure. It requires 5½ yards of 36-inch material for a 36-inch size.

A pattern of this illustration mailed to any address on receipt of 10c in silver or stamps.

CAUTION—Order adult patterns by number of pattern, giving bust measure for waist patterns, and waist measure for skirt patterns. For Misses and Children give number of pattern and age only.

THOUGHT SHE COULD NOT LIVE

Restored to Health by Lydia
E. Pinkham's Vegetable
Compound.

Unionville, Mo.—"I suffered from a female trouble and I got so weak that I could hardly walk across the floor without holding on to something. I had nervous spells and my fingers would cramp and my face would draw, and I could not sleep, nor sleep to any good, had no appetite, and everyone thought I would not live."

Some one advised me to take Lydia E. Pinkham's Vegetable Compound. I had taken so much medicine and my doctor said he could do me no good so I told my husband he might get me a bottle and I would try it. By the time I had taken it I felt better. I continued its use, and now I am well and strong.

"I have always recommended your medicine ever since I was so wonderfully benefited by it and I hope this letter will be the means of saving some other poor woman from suffering."

Mrs. MARTHA SEAVEY, Box 1144, Unionville, Missouri.

The makers of Lydia E. Pinkham's Vegetable Compound have thousands of such letters as that above—they tell the truth, else they could not have been obtained for love or money. This medicine is no stranger—it has stood the test of years.

If there are any complications you do not understand write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Over 100 Moose Members Enjoy A Fine Pig Roast

Over one hundred members of the Loyal Order of Moose participated in a pig roast at the lodge headquarters Tuesday evening, following the regular weekly meeting. The delicious roast was served with all the usual trimmings, the feast being one of the most enjoyable ever held by the lodge.

A short business session preceded the spread, which was featured by addresses by Senator W. D. Tremper, St. Straus and St. A. Josselyn, press agent for the Sells.

Bess And Fronie Will Get Freedom Thanksgiving Day

Following his custom to grant freedom to some city prisoners on a national holiday, Mayor Adam Frick has ordered the release of Bess Hurd and Fronie Hollingsworth from the Cincinnati workhouse, Thanksgiving Day.

They have been incarcerated since July 18th and according to Supt. Fred Bader and other officials of the workhouse, have made model prisoners, they have repeatedly expressed surprise that the two women were kept there as long as they have been.

The mayor had sentenced them to the workhouse for the life of his term of office, January 1, 1916. He has written a letter to them stating why they have been given preference and expressing the hope that they would prove to their parents and associates who are ready to extend a helping hand in elevating them that they can become good citizens.

The letter follows:
November 24, 1915.
Miss Bess Hurd,
Miss Fronie Hollingsworth,
Cincinnati, Ohio.

Friends:
Following our usual custom of National holidays of granting freedom to some person being held in subjugation for an offense committed under the law, we have passed upon those to be released Thanksgiving Day.

This we do to enable such persons to appreciate the interest that officers of the law charged with the responsibility of preserving the peace and good order of the city may have in them as subjects.

When such are given their liberty at this season of the year enabling them to look upon the

The Rev. William Hart, pastor of Kendall Avenue Baptist church, will hold special Thanksgiving services in his church Thursday morning at 10 o'clock. A series of meetings will be commenced Thursday evening.

HARVEY CULLOM SAYS HE'S HEIR TO FORTUNE

It will be a happy Thanksgiving day for Harvey Cullom and family, of No. 1013 Union street, for he has just been apprised of the fact that he has fallen heir to between \$8,000 and \$4,000, he says.

Mr. Cullom, who is a well-known public works contractor and at present associated in the cement finishing business with Buck Kennedy, received word Wednesday morning that the estate of an aunt, Mrs. Susan McKinley, who died in Kansas City, Mo., had just been settled up and that the above amount would be his share. Delays in the settlement of the estate were occasioned by the difficulty with which some of the heirs were located. Mrs. McKinley was a sister of Harvey's father, the late William Cullom.

Mr. Cullom was overjoyed at the good news and said to a Times man that just as soon as the money reached his hands he would purchase a home with it.

One applicant for membership was received at the meeting.

AIDS TO DIGESTION

Whatever improves bodily conditions in general aids digestion. Cheerfulness, exercise, fresh air, baths and good habits make your digestion better able to take care of any burdens you impose upon it. But the greatest aid to good digestion is good blood. Anemia, or thin blood, is a common cause of indigestion. Normal action of the stomach is impossible without healthy, well-oxygenated blood.

Dyspepsia which does not yield to ordinary treatment may be quickly corrected when the blood is enriched. Many people have secured relief from chronic forms of indigestion by the use of Dr. Williams' Pink Pills which make the blood rich and red, capable of carrying an increased amount of oxygen, the great supporter of human life.

Have you ever seriously considered giving Dr. Williams' Pink Pills a trial to tone up your digestion, increase your vitality and make life better worth living? Is your blood thin and your digestion weak you certainly need them. Send for a trial book. It is free and will help you decide.

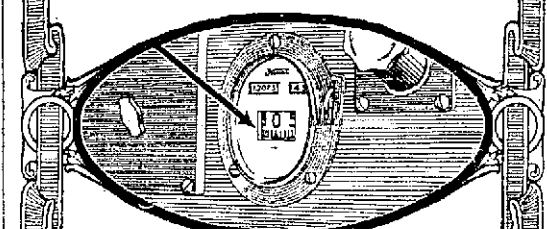

Your own druggist sells Dr. Williams' Pink Pills or they will be mailed postpaid on receipt of price, 50 cents per box, six boxes \$2.50, by the Dr. Williams' Medicine Co., Schenectady, N. Y.

The offering at the possible, is by far the most satisfactory manner of expressing thanks to

"NOW, DIGESTION WAIT ON APPETITE AND HEALTH ON BOTH"

A good appetite is a great asset, and the loss of it is the forerunner of disease. Most of the ill-health of this particular age is due to the intemperance of people in eating and drinking.

An overworked stomach, being unable to digest what is so ruthlessly crowded into it, the result is that man's whole physical machinery is thrown out of order.

Not only is all the pleasure of a healthy appetite lost, but quite often the ability to do a day's work.

Instances too numerous to mention are being reported daily, wherein the most reliable citizens of the Peerless City say that they "feel like they have a new digestive apparatus, after taking the 'Master Medicine'."

Mrs. Mary Bolduan, of 1022 Chillicothe St., says: "Three bottles of Taulac has relieved me of a dreadful case of gastritis, and indigestion. Besides stomach trouble I was run down, seeming to have lost all energy. No one need hesitate in using Taulac, for it surely is all that is claimed for it."

People who had tried all remedies without results, until hope had almost flown, are taking the famous Taulac treatment and finding relief from various maladies of many years standing.

Taulac can be taken with the assurance of there being no harmful results, by the most delicate person, since it is free from minerals, and is purely a product of roots and herbs.

Taulac is most effective in derangement of the stomach, liver, kidneys and intestines, and through its system-cleansing properties and tonic effect gives remarkable results in catarrhal troubles and rheumatism.

The corner of Sixth and Chillicothe Sts., has become known as the "Taulac Corner", for at this corner in Portsmouth is located the Fisher & Streich Pharmacy, where the "Master Medicine" is on sale and is being explained by representatives direct from the laboratory where it is compounded. Adv.

Cut Glass for Thanksgiving

A few pieces of rich cut glass will do wonders towards livening up the Thanksgiving dinner. Their sparkle and brilliance give the table a holiday look and add much to the spirit and pleasure of the meal.

There are some specially attractive pieces in our stock that will come in very handy in setting the Thanksgiving meal. With extra jellies and jams and sauces and relishes, you'll need several extra pieces. When you find out how inexpensive they are, you will regret doing without them so long.

Bring him with you to help you make the selection. You will likely get an excellent suggestion for a Christmas present and it is just as well to have him know your desires and tastes.

Masonic League Opens, Cement Specials Win, Bald Eagles Winners

With a report that sounded like the United States fleet saluting the stars and stripes, the Masonic Bowling League opened at the Play House, Tuesday evening, before an audience of two hundred rooters and Perry Winkler Young. When the clouds had been rolled away and the dead and wounded carted to the morgue, it was seen that the Cement Specials, captained by Chas. Harr, had triumphed over the Submarines three in a row, leaving Captain Floyd Faller gasping for breath and wondering what on earth had hit his aggregation who debuted into the circles last night. While the Cement Specials were trimming the Submarines, the Ironsides, led by Earl Clare were getting theirs at the hands of the Bald Eagles, although they did manage to get one in the right column.

Despite the fact that the howlers as a whole have not seen an alley since last spring, some remarkably clever scores were rolled. Incidentally some of the pinbusters had never seen an alley, hence the veil of charity will be extended and bound over the eyes of the public at large—the scores speaking for themselves.

The Cement Specials had the honor of totalling the big total of the evening when they gathered 917 in their last game. This was made possible through the splendid work of Messrs. Jim Hager and George Freund, the former getting 144 while the up-town druggist pulled down 147.

Anchor man, Frank Freestone, came through with 156, the big score of the evening. Captain Clare of the Ironsides, was Johnny on the spot with 122. The games passed off pleasantly, and more fun than will be found in the Dardanelles. The score:

SERVICE HOUR TO SUIT GAME

Morgantown, W. Va., Nov. 24.—Protestant church ministers of Morgantown do not intend to allow the annual Thanksgiving Day church service to interfere with the plans of the parishioners to attend the West Virginia-Western football game at Fairmont Thursday. The services have been held at 10:30 o'clock Thanksgiving morning for over twenty years but the ministers voted today to move the services to 10 o'clock so that all who attend could catch the noon train for Fairmont.

The league will be again chosen president consist of four clubs, namely, "Crystal Palace," Lou Distel, captain; "Handy Kids," Chris Malavazos, captain; "Play House," W. N. Gab-F. W. Sheridan, captain; "Invincibles," By-president, while Clarence (Bud) Rediger, it is possible that Walters was chosen secretary. Other teams will be added. The future, the only salaried office of the bowling games will be rolled next Monday night: Invincibles vs. Rondo Kids, Crystal Palace alleys; shown, the league will thrive this Play House vs. Crystal Palace, at season, for one of the first things; Play House alleys, Alleys Nos. 4 and done was to arrange for the sending of a team to the National Tournament to start promptly at 7:30 o'clock, and the members of each team will be composed of the six highest average bowlers who participate in not less than 75 per cent of the scheduled games.

The league will open next Monday evening and will run until the latter part of April. The games will be equally divided between the Play House and the Invincibles. The alley owners will donate a \$5.00 gold piece to the player making the highest individual score during the season. The owners will also present a gold medal to the high average man of the league, who will be known as the city champion, and who will be compelled to defend his title against all comers.

Everything looks auspicious for a successful season and bowling is expected to take on the interest that marked the sport during the season of 1912-13. All players who desire to join the league are requested to get in communication with the captains of the various teams.

Want Clarke And Rodgers Retained

A canvass of Cincinnati fans seems to show a preponderance of opinion in favor of the Cincinnati club retaining both Tom Clarke and Bill Rodgers for the season of 1916. It is even said that Manager Herzog will be bombarded by a signed petition, urging him to retain both the Corona catcher and the pride of Pleasant Ridge—Back will have lots of time to think things over before he meets President Herrmann at the New York convocation.

RICKEY MAY LAND HARRY LEGORE

If Harry Legore, the deburred Yale athlete, consents to become a professional baseball player, he has promised to join the St. Louis Browns.

Manager Rickey has decided to give George Baumgardner another chance in 1916, and the big, graceful right-hander will go South with the club in March.

FOOTBALL TOMORROW

V. H. S. football players held their final practice before the Thanksgiving Day game Wednesday afternoon under Coach Harr. The strong South High team of Columbus will oppose the Red and Blue Jeds on Millbrook gridiron. The game is expected to draw the biggest crowd of the year. Everett Drew will referee the game, while an umpire will be brought along by the visitors. The game will be called at 2:30 sharp. A number of tickets for the turkey day battle are already sold. The price for this

game will be fifty cents, as the expense of bringing the up-state team here is nearly \$100. The strongest V. H. S. lineup will be presented. Captain Dineell has his line lined up as follows: Nutter, r. c.; Dineell, r. c.; Lewis, r. c.; Brandel, r. c.; Coleman, l. g.; Quinn, l. t.; Williams, l. e.; Morris, q. b.; Wilson, l. b.; Thomas, r. b. c.; Wagner, l. b. c.

Halfback Shumaker is out of the game on account of injuries. Shumaker, Anderson, Trone and Brewer will be first choice subs.

Call Off Banquet

Mrs. Dan Thomas, president of the Ohio State University Alumni association, announced Wednesday that the banquet scheduled for Friday night of this week had been called off on account of other things of interest taking place on Friday night. The banquet will probably be held during the Christmas holidays.

Dismiss School

The public schools were dismissed Wednesday afternoon until Monday morning. There will be no night high school Thursday night on account of Thanksgiving, but all classes will meet Friday night.

THE WINTER OF GREAT DISTRESS

Damp and cold weather is destined to cause much suffering among Rheumatics. Guard Against it.

Get ready for winter by realizing that Rheumatism is a blood disease and must be relieved through the blood. Throw away the liniments and ointments, eat out the pain killers and stake your chances of relief on S. S. S. Some of the most renowned physicians that the world has ever known have been studying Rheumatism for fifty years in the laboratories of the Swift Specific Company in Atlanta, and if Rheumatism can be permanent, it is relieved and WE KNOW THAT IT CAN—they will tell you what to do for your trouble.

Nothing with liniments, blistering, the application of plasters, in fact, anything that will produce counter-irritation, is good for external treatment of Rheumatism, but these simple remedies do not reach the seat of the disease nor touch the real cause, and relief is therefore only temporary. Rheumatism is due to Uric Acid and other irritant poisons in the blood, and as it circulates through the system, these acid poisons are deposited in the muscles, joints and nerves, and exposure to the cold air, cold, wet winds, or any sudden change in the weather, will bring on an attack which may last for a few days or longer for months. Every battle with Rheumatism leaves the blood in poorer condition, while the corroding acids are gradually consuming the oils and fluids that lubricate the muscles and joints, thus they become stiff, sometimes absolutely rigid.

Rheumatism with its sharp cutting pains cannot be conquered until the acid blood is cleansed, purified, literally washed free of the poisoned substances which it contains, and nothing affords such prompt and lasting relief as S. S. S. The tonic effects of this vegetable remedy are wonderful. The blood is cleansed, purified and its energy, strength and vigor renewed, causing the health to rapidly improve and build up the entire system. The sufferer is not only free from Rheumatic pains, but experiences once more the thrill and exquisite pleasure of perfect health.

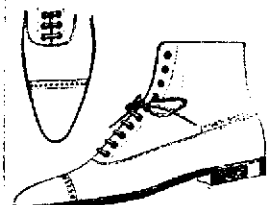

Get rid of Rheumatism before cold weather makes it worse. Don't take substitutes for S. S. S. Write our Medical Department at once; they want to advise you how to relieve Rheumatism quickly, thoroughly and permanently. S. S. S. sold at all drug stores. Don't accept substitutes. They are dangerous. Write the Swift Specific Company, Medical Department, Room 10, Atlanta, Ga.

LOCAL INSURANCE MEN AT A SURPRISE PARTY

C. C. Yeazel, of the local Western and Southern Insurance Company, recently attended a surprise party given Maxwell D. Schreiber, of the district agent, of Ironton, which the Irontonian had to say:

"Mr. Schreiber was joyfully surprised by the fellow workers of the Western and Southern Life Insurance Company. The affair was arranged by Mrs. Schreiber and Mr. and Mrs. Frank M. Smith. The workers were brought from Portsmouth, Ashland and Huntington, presumably to help write some insurance. By a clever ruse they were brought to the Schreiber home, where they were welcomed effectively. A program was then observed. Dr. Wells, Frank Smith and Miss Faye Ferguson were on the program, while Miss Ferguson, Mr. Jones and Mr. Schreiber furnished the music. Those present were: Mr. and Mrs. Frank Smith, Miss Faye Ferguson, Harrison Cruver, Albert Mowery, Thomas Moore, Miss Kate O'Shaughnessy, Joseph Jones, Nema Schreiber, Esther Schreiber and Dr. E. E. Wells. The party given Maxwell D. STRONG PLEA MADE FOR "STATE AID" FOR ROADS

Seven representative citizens of Portsmouth journeyed to Columbus Tuesday to make a personal appeal to Governor F. B. Willis and the officials of the state highway department for liberal appropriation from the state funds for Portsmouth's share during the coming year, for permanent highway improvement.

In the party were W. B. Anderson, Harry W. Miller, Philo S. Clark, Thomas B. Watkins, Henry T. Bannan, Frank L. Marling and Senator W. D. Tremper.

Senator Tremper acted as spokesman for the delegation both before Governor Willis and in the offices of the state highway department. He exhausted his ef-

forts in presenting the claims of Scioto county to the state officials, and according to the other six in the delegation, made an argument of unusual force.

Senator Tremper called the attention of Governor Willis to the fact that Scioto county, on the heels of the defeat in the state of the \$50,000,000 bond issue for good roads, voted \$500,000 for good roads, \$100,000 to be expended each year for five years.

Scioto county, he argued, had been a pioneer county in permanent road improvement, and its people had suffered no inconvenience after another during the past few years to obtain permanent roads, cherishing the hope that the program would eventually extend all over the county, and that the work would be pushed as rapidly as possible.

He also endeavored to correct the impression that had become general upstate that Scioto county was in a pocket in the southern part of the state. This county, he maintained, was on the biggest main market road of the state and was the gateway into Ohio for the people of eastern Kentucky and West Virginia.

He also told of the paved highways that have already been built in this county in different directions from Portsmouth, the success of the work, and the pleasure and convenience that they afforded.

The same argument was later presented to Assistant Highway Superintendent Freeman, who received the delegation in the absence of Clinton Cowan, the state superintendent. Senator Tremper here informed the state officials that Scioto county would have between \$90,000 and \$100,000 for permanent road improvement this year, and its officials and citizens would like to have the state department come forward with a like amount for this county.

The result of the visit of the local delegation will not be known until some time in January, when the appropriation to the different counties will be made. From the inter-county road fund each county will receive \$17,000, the amount being equally distributed among the 88 counties. The main market fund is distributed by the state highway officials as they deem best, and it is from this fund that the local officials hope to receive the bulk of their appropriation.

During their visit the local representatives learned that the money derived from automobile licenses is used solely for road repair; not one cent of it is used on road construction.

When the delegation reached the governor's office the governor sent for Earl Blanke, a local boy in the state highway department, who remained with the delegation throughout the discussions.

Lime-Loss in Tuberculosis
In the Journal of the American Medical Association, December 17, 1914, was the following:
"It has been many times stated that in tuberculosis or in the precursors of calcium (lime) loss, both to the urine and to the sweat, a demineralization has been thought to be a forerunner of the development of tuberculosis."
"Forced feeding of tuberculous patients and the enormous amount of lime and milk case given such patients are not now considered advisable by a large number of physicians who are maintaining in the treatment of pulmonary tuberculosis."
"If tuberculosis is due to a loss of lime from the system, the success of Eckman's Alternative in the treatment of this disease may be due, in part, to the fact that it contains a lime salt so combined with other valuable ingredients as to be easily assimilated."
"Always we have urged users of Eckman's Alternative to attend strictly to matters of food."
"In addition to rest and proper diet, some effective remedy is urgent, as it is to be needed, and in numerous cases of apparent recovery from tuberculosis and kindred chronic and hereditary ailments, Eckman's Alternative has supplied this need."
"It does not contain opiates, narcotics or habit-forming drugs, so it is safe to try. Your druggist has it or will order it, or you can get it from us direct."
Eckman Laboratory, Philadelphia.

To Have Wavy Hair Like Nature's Own

Here's a brand new recipe, of unquestioned merit, that I advise you to make use of, unless you are one of the few possessors of naturally wavy hair. It's very simple, for all you need do is to apply a little liquid substance at night, with a clean tooth brush, and in the morning you will find this has dried in the sweetest curls and waves imaginable. They will be just like Nature's own, having no resemblance to the effect produced by a hot iron, which is so obviously artificial.

The application is really beneficial to the hair and gives it that lovely lustre so much desired. As it is so easy to obtain a few ounces of the liquid substance from your druggist—sufficient to keep the hair curly for many weeks—there's no reason now for putting up with either that irritating, contrary hair or with the curling iron nuisance.—Marie Demarest in *Pilgrim Magazine*.

THEATRICAL

See "Judy" Tonight
If you have not seen "Judy" now being played by the Ted Daley Stock company at the Sun theatre, see it tonight for this will be your last opportunity.

Beginning Thanksgiving matinee James K. Hackett's most successful play "The Grain of Dust" by David Graham Phillips will be presented. Many are no doubt familiar with the book and the play is even more interesting than the book.

"The Grain of Dust" is an impressive play and the story concerns Frederick Norman's love for his innocent blonde typist. He is a member of a prominent firm of corporation lawyers and his infatuation has serious consequences since he is engaged to the daughter of a king of finance. When finding himself caught in the net he throws over his fiancée, this antagonizes her father who vows he will ruin him and he almost succeeds. Norman resigns from the firm, marries his stenographer, loses his grip, and to cap the climax his wife leaves him at the turning point of his low future, he having been engaged by a competitor of the king of finance to defeat the monarch and urged by hate, Norman, in a spirit of courage, brings all of his power into play and the king of finance to his knees.

The play is a strong, fascinating one and makes an ideal play for stock production. The matinee prices will be same as night prices with all seats reserved. A "Daisy" desert spoon given each day at the matinee.

Steel Plant Pay Day On Saturday

Local merchants are anticipating a big retail business Saturday and are preparing to take care of the rush, owing to the three weeks pay day at the Whitaker-Glossner Steel company. The big company will pay out many thousands of dollars to its big army of employees Saturday, and now that the weather has a tinge of winter, the steel workers will begin to buy in their supply of "preparedness." This will mean that all class of merchants will be benefited. The plant has been working with considerable regularity lately, with good prospects ahead.

Mayor Takes Hand In A Poker Game

Capt. Grant Cooper and a detail of police raided a house at Mill and Gay streets where a game of poker was said to be in progress, Wednesday morning about 2:30 o'clock.

William George, the tenant of the house, was charged with keeping a gambling place and permitting Mike Day, aged 17 years, a minor, to gamble. The former's brother, Jim George and Silas Scott, were charged with gambling. Day was held as a witness. The others are said to have separated him from \$5 of his money during the game. The police mother made complaint to the police that the Georges were getting all of her son's earnings and that when not gambling at their home they would play poker up in the willows along the Ohio river bank.

The three defendants were fined \$25 and costs each in police court and promised soft berths in the Cincinnati workhouse for 30 days unless they paid their fines and also reimbursed the youth's mother to the extent of five dollars by Friday afternoon. An official was detailed to accompany one of the men on his money-raising expedition.

Need Coffee, Sugar Beans And Canned Goods For "Kiddies"

Say, do you want some hungry kid to have a cup of good, hot coffee, sweetened with sugar, some good, old-fashioned baked beans, some steaming hot potatoes, some good canned corn, tomatoes, etc., for his Thanksgiving dinner? If you do, donate some of the above articles to

Wesley Hall Mission, which plans to feed every needy child in the city tomorrow with a Thanksgiving dinner that will long be remembered by the kiddies lucky enough to "get in on the feed."

Whether there will be enough to go around depends upon the generosity of Portsmouth people. Rev. J. E. Diftort said this morning he had enough meat and apples and nearly enough potatoes, but coffee, sugar, beans and canned goods of all kinds are badly needed. Phone 408-13 and the Mission wagon will call for your donations. J. E. Diftort, 512 1-2 Second street.

REPORT SHOWS BOY SCOUT WORK IN FINE SHAPE

The local Council of the Boy Scouts met Tuesday afternoon at Boy Scout headquarters in the Masonic Temple building. The following members were present: G. D. Scudder, chairman; Dr. W. E. Gault, Rev. John Wirt Dunning, Low Lowry, Frank M. Baggs, M. A. Coe, L. W. Bragdon and P. E. Selby.

The first business of the afternoon was a report read by Scout Commissioner M. H. E. Kinsey on the progress of the local Scout work. This being the first meeting since the summer months, Mr. Kinsey gave a full report of the summer athletic work of the Boy Scouts, which showed that there were 20 organized ball teams under the direction of the Scout Movement, these teams having played 124 games during the summer months. So successful was the work of last summer that the Council practically decided at Tuesday's meeting to lease a tract of ground for next summer for the purpose of giving the Scouts a complete and up-to-date ball park of their own. Mr. Kinsey in his report emphasized the splendid conduct of the 300 or more boys who took part in Scout athletics during the summer.

One interesting feature of the report was some statistics relative to the strength of the Boy Scout Movement in Portsmouth. It seems, according to figures presented by the Scout Commissioner, that the Scout Movement is more strongly entrenched in the east end of the city. Following are the figures of the relative strength of the Movement in the various localities of the city: East End, 30 percent; central section, 24 percent; Hilltop, 20 percent; West End, 16 percent; North End, 10 percent.

One of the new features of the Scout Movement next spring will be the inauguration of an employment bureau which will assist all Boy Scouts of the city to secure work during vacation months. Other activities of the Scouts mentioned in the report was the patrol work of 120 boys during the Korn Carnival, also a full account of the recent Boy Scout Conference held in this city. Some of the activities planned for the winter months will be a debating club, dramatic club, indoor athletic work, and the usual Christmas charity work.

The proposition of a club room for the Boy Scouts of the city was deferred until a later date.

Mr. M. A. Coe, treasurer, submitted his report, and offered his resignation, as he will leave the city December 1. Mr. F. M. Baggs was elected to succeed Mr. Coe.

The Council is highly pleased with the work of the past year, and look forward to a splendid winter's program.

A Banfield will spend Thanksgiving in Boyd county, Kentucky.

OUR YOUNG WOMEN
are so often subject to headache—are languid, pale and nervous—because their blood is thin or insufficient. They are not really sick and hesitate to complain, but they lack that ambition and vivacity which is their birthright. They do not need drugs—but do need the tonic and nourishment in Scott's Emulsion that makes richer blood, fills hollow cheeks, suppresses nervousness and establishes strength. Nourishment makes blood and Scott's Emulsion is the essence of concentrated nourishment, free from wines, alcohols or opiates.

If mother or daughter is frail, pale or nervous, give her Scott's for one month and see the betterment. It has a wholesome, "nutty" flavor. Avoid substitutes. At any drug store. Scott & Bowne, Bloomfield, N. J. 15-24

WELL KNOWN COLUMBUS WOMAN SPEAKS.

ITS THE SAME IN ALL OHIO.

Columbus, Ohio. — "Being in a badly run-down condition and nervous and tired-out I used 'Favorite Prescription.' It was called to my attention by an advertisement. I found it overcame my bad symptoms and feelings, and I realized great benefit from it. It is the best medicine I have ever used and I am very glad to endorse it." — Mrs. HATTIE B. GAMMON, 62 East 11th Ave., Columbus, Ohio.

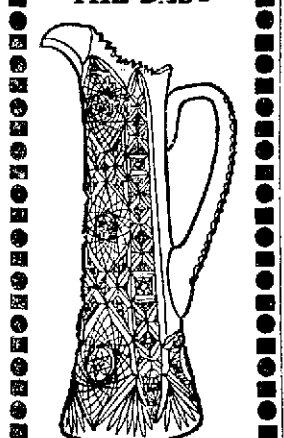

When a girl becomes a woman, when a woman becomes a mother, when women pass through the changes of middle life, are the three periods of life when health and strength are most needed to withstand the pain and distress often caused by severe organic disturbances.

At these critical times women are best fortified by the use of Doctor Pierce's Favorite Prescription, an old remedy of proved worth that keeps the entire female system perfectly regulated and in excellent condition.

Mothers, if your daughters are weak, lack ambition, are troubled with headaches, lassitude and are pale and listless, Dr. Pierce's Favorite Prescription is just what they need to surely bring the bloom of health to their cheeks and make them strong and healthy.

For all diseases peculiar to women, Dr. Pierce's Favorite Prescription is a powerful restorative. During the last 30 years it has benefited from the lives of tens of thousands of women the pain, worry, misery and distress caused by irregularities and diseases of a feminine character.

MARSHALL ON STAND ACCUSES OTHER NEGROES

Admits That He Was With Crowd That Set Off Dynamite

Examination of witnesses in the first degree murder trial of Al Marshall was concluded in common pleas court this afternoon at 2:30 o'clock.

Attorneys for the defense offered nineteen special charges to the jury, all but one of which the court approved and read to the jury. The most important of them had to do with the law governing confessions as evidence.

At 2:45 o'clock prosecuting attorney Joseph T. Mickelthwait started the first argument for the prosecution. He will be followed in turn by attorneys George W. Sheppard and Mark A. Crawford for the defense. The concluding argument will be made by the prosecuting attorney.

The case should go to the jury before nightfall, following the court's charge.

At the opening of the afternoon session the defense attempted to offer the testimony of "Jungle Shine," a known murder suspect, purporting to relate the substance of a conversation between Marshall and John Henry Smith in the county jail, which he overheard. His testimony was ruled out as incompetent.

The defense recalled Miss Louise Emmett and D. W. Gustin, who took down the alleged written confessions, which were then offered in evidence.

In rebuttal the state recalled Sheriff Arthur, Deputy Sheriff Arthur and W. W. Weidner, to refute Marshall's denial of his alleged verbal confession.

In his own language, which at times was accompanied by a wealth of gestures, Albert Marshall, accused of complicity in the blowing up by dynamite of the railroad construction camp near Sciotoville last August, told his version of the terrible crime in common pleas court this morning.

He grew eloquent at times, and impressed the entire court room with his power of utterance. Leaning forward in his chair, Marshall seemed to call into play every resource that he possessed in an effort to convince the jury that he was telling the truth.

Marshall's appearance was in strong contrast to the appearance of the other negroes who have testified at the trial. Attired in a dirty brown suit with collar and tie and tan shoes, he looked vastly different than his former co-laborers who came to the trial in their overalls and working clothes. His language and manner of expression also seemed to be above the average among the men who are employed at the Perkins camp.

Admits He Was With Gang

Marshall does not deny having been with the men whom he claims committed the heinous deed, but asserts that he was with them, from force of circumstances, and not from a desire to wreak vengeance upon his fellow-workmen.

His testimony fixes the blame for the crime upon John Henry Smith, who is in jail awaiting trial for the same offense as Marshall, and Henry Barker, another negro, who is at large.

During the recital of his story, he also complained of the treatment accorded him by the sheriff and prosecuting attorney, who he claimed, used every effort to induce him to plead guilty, at times treating him roughly. No amount of cross examination on the part of the prosecuting attorney could induce him to change his story in that particular.

When court adjourned Tuesday evening, Marshall had related how he and a number of other negroes started to shoot "craps" in the road under the cherry tree on the afternoon preceding the explosion.

Taking up the story there when court convened this morning at 8 o'clock, he said:

"The crap game began about 4 o'clock in the afternoon and lasted until 7 o'clock. James 'Shirts' Johnson shot 75 cents, and then says, 'I'll bet 50 cents,' which I took. Johnson rolled 'cocked' dice, but he picked up all the money and walked away.

"I did not say 'nary a word to 'Shirts' about breaking up a game.

"After the game, John Henry and me went up past the board, and we went into the shanty at Zeke's shanty. I asked him for my half and he handed it over, remarking, 'If you wasn't such a good fellow I would not give your half back.'

"Later, I was sitting in Dean's shanty, picking a guitar, when John Henry came in, and ordered me to put down the guitar.

"John Henry called me outside, where Henry Barker was, and they asked me if I had any whiskey. I said no. John Henry then said he had brought out a quart, and we all drank. They asked me if I wanted to go to Kentucky. I said no.

John Henry Drunk, Wanted Trouble

"I went back in Dean's shanty, and about two hours later, John Henry and Barker came back and called me. I went out finally, and found John Henry pretty drunk. He said, 'I'm going to raise hell. I know I'm going to raise hell, as I've done lost all my \$3. Come, let's all walk down the road.'

"All three of us walked down the road. 'How far?' said I. 'Not very far,' they said.

"When we reached a point near the bridge, John Henry said, 'Wait a minute.' He went up the hill and as he came back down the grade he fell down. He had an awful of dynamite. He let it fall, and said, 'If that had gone off, I sure would have been blown to hell.' I gave him a match to light for the dynamite in the weeks.

"John Henry then said, 'If this dynamite is missing, we is to say that Kid Walker got a bucket full of it.'

"I said, 'I ain't going to say anything about it, I ain't going to have anything to do with it. John Henry handed Barker a gun and he pointed it at me, and asked me if I would now say what they had told me. I said yes.

Tells How The Shanty Was Blown Up

"We went on to the house, and arriving there, John Henry said, 'I blowed up a shanty in West Virginia, and I'll blow this one up and go back there.'

"John Henry put the dynamite under the house, and split the fuse. Barker lit it, and we all ran."

Marshall then told about his arrest, and the numerous times after his arrest that he was brought out by the sheriff to make a statement in the presence of the prosecuting attorney, and others. He also repeated the statements of the night before about the sheriff and prosecuting attorney continually urging him to plead guilty, with this new feature:

"The sheriff told me the morning I was brought into court, in plain to the indictments. He said that the best thing for me to do was to go right up there and plead guilty.

"When we got back to the jail the sheriff said, 'You're damned innocent days are over,' and then locked me up."

He also referred to a conversation which he claimed he had with John Henry Smith the Sunday after the explosion. He said that John Henry asked him what he had heard and that he replied, 'I haven't heard anything.'

Marshall said that he also said, 'If they ask me, and if I'm going to tell what I know, and that John Henry replied, 'If you do, you'll never tell anything else.'

He also stated that John Henry asked him to go to Kentucky with him, but that he refused to go, remarking that he was not going to go to Kentucky to go to jail, and that John Henry replied, 'If you do, you'll never tell anything else.'

In giving his testimony, Marshall went into a great deal of detail about the work at the camp, and incidents of the day of the explosion which had no bearing on the case at issue.

Other Witnesses Are Called

Four other witnesses were called by the defense during the morning session, John Dean, Jos. Cross, Moses Johnson and Jim Tamper, all negro laborers at the Perkins camp.

They were examined to show that Marshall assisted in the care of the wounded and dying after the explosion. All of them testified that they saw Marshall around there after the explosion, but they all differed as to the extent of the assistance he rendered. The attorneys for the defense attempted to show that their witnesses had been tampered with by the state, but the court cut short this line of questioning after no direct evidence substantiating this had been adduced.

Tuesday's Session

At Marshall, on trial in common pleas court on a charge of first degree murder growing out of his alleged complicity in the blowing up by dynamite of a railroad construction camp near Sciotoville on the night of August 21, last, went on the stand in his own behalf shortly before five o'clock Tuesday afternoon.

His attorneys piloted him through his preliminary examination, and by the time for adjournment, were all ready to question him concerning his movements immediately preceding the time of the explosion.

He resumed his testimony at the opening of this morning's session, which convened shortly after 8 o'clock.

Marshall had been on the stand earlier in the afternoon on cross examination to testify concerning his alleged confessions, made, it was claimed by the state, in the presence of the sheriff, prosecuting attorney and witnesses.

Marshall repudiated each of the alleged confessions, and claimed that the officials used duress to obtain from him statements that would be damaging to him when his case came for trial. His denial was a sweeping one, throughout which he maintained his innocence of complicity in the crime.

Sheriff E. W. Smith was placed on the stand before Marshall by the state. Through this witness the state presented to the jury Marshall's alleged confessions, two written and one verbal one, each of which Marshall is alleged to have made in the presence of the sheriff and other witnesses.

Warm Legal Battle Provoked

The attorneys for the defense objected strenuously to the admission of Sheriff Smith's testimony in this regard, and a warm legal battle was provoked. The court sustained their objection, and sent the jury out to give the prosecution an opportunity to qualify the witness.

Later the sheriff was recalled, and the court decided that it was a question for the jury to decide whether the confession was a voluntary one on the part of the accused, as the examination of other witnesses was conflicting on this point.

The sheriff testified that he brought Marshall out in the sheriff's office one night in the presence of his son Earl, the prosecuting attorney, and W. W. Weidner, and asked him "to tell us all about the explosion."

Substance of Confession Related

Sheriff Smith then related the substance of the alleged confession made by Marshall, which was as follows:

"That the defendant, Al Marshall, John Henry Smith, and Henry Barker, went down the road together; that Smith went to the dynamite house, and brought out an armload of dynamite; that after proceeding a short distance, Smith stumbled and fell, spilling a part of the dynamite; that a match was lighted, and the dynamite picked up, all three continuing on the shore; that they put the dynamite under the house, that John Henry Smith split the fuse, that Marshall handed Barker the match, and that Barker lighted the fuse. After that, all three ran."

In reply to a query from the state, Sheriff Smith said that he had told Marshall that he was not going to go to Kentucky to go to jail, and that John Henry replied, 'If you do, you'll never tell anything else.'

Had Conversation With Marshall

On cross examination, the sheriff admitted that he had a conversation with Marshall on the night of the explosion, but denied having accused him of being guilty of the crime.

When questioned about the first alleged confession, Sheriff Smith said: "One night as I took him to supper, Marshall told me he wanted to tell me all about the crime. I talked to him after supper, and the next morning I called prosecuting attorney Mickelthwait and we took his statement. We later took another statement, about September 3rd."

The sheriff admitted telling Marshall he might have been justified and for him to tell it all. He admitted that he did not caution him that whatever he said would be used against him.

"The first time I talked to Marshall after his arrest, he claimed that Kid Walker was the guilty party," said the sheriff. "He said he was not guilty. The prosecuting attorney or I told him that he may as well make a statement. Marshall replied, 'I won't plead guilty to something I haven't done.'"

The sheriff denied telling Marshall that he had better make a statement, as he would never get back to Virginia.

At the outset of his examination, Sheriff Smith told about being called to the Perkins camp on the night of August 21. When he arrived there about 2:30 or 3 o'clock, he said that he observed that one entire end of the building and a part of the next section had been blown away. A big hole had been torn out of the ground by the explosion, he said.

He testified that he saw Al Marshall and talked to him that night.

Alleges Marshall Made Verbal Confession

Later after his arrest and incarceration in the county jail, the sheriff stated that Marshall made the alleged verbal confession, voluntarily, and without intimidation or hope of reward. He said Marshall wanted to plead guilty with the understanding that he would not be electrocuted.

Prosecuting Attorney Joseph T. Mickelthwait was placed on the stand to testify concerning the alleged verbal confession. He said that he just asked Marshall to tell the truth, and that he replied that "all three were guilty, Barker, John Henry Smith, and me."

W. W. Weidner, who the state claims, was present when the alleged confession was made, corroborated the testimony of the sheriff and prosecuting attorney. He said that the prosecutor asked Marshall to tell the truth and that Marshall replied, "I have been lying long enough. All three are guilty, Barker, John Henry Smith, and me."

He testified that Marshall confessed that John Henry Smith said, "Let's raise some hell." "We drank some whiskey, and then went up the road. John Henry went up on the hill and came back with an armload of dynamite. We went down to the shanty, and put the dynamite under it. John Henry split the fuse, and I gave him the match and he lighted the fuse. We ran."

Louise Emmett, the prosecuting attorney's stenographer, who took down one of the alleged confessions, said she was called to the sheriff's office to take Marshall's statement on one occasion. She said the sheriff, prosecuting attorney, and herself were present. She said Marshall seemed rather "rattled," and that she could not understand him very well. She was then asked to transcribe her notes and submit it as part of the evidence.

D. W. Gustin Claims He Took Statement

D. W. Gustin, who also acted as stenographer when another alleged confession was made, said he was called to the sheriff's office late in September to take the statement. He testified that he did not hear the sheriff or prosecuting attorney say anything to induce Marshall to make the statement.

He admitted that something was said by some one present that the statement he took down did not differ from the statement taken from the other statement.

At Marshall, the accused, was then placed on the stand to repudiate his alleged confessions. Marshall stated that the sheriff and prosecuting attorney talked to him twice before the time he is alleged to have made the verbal confession. He said on the first occasion that they asked him what he knew about the crime, and he told them that he didn't know anything about it.

"They told me to make a plea," said Marshall. "I told them I had

no plea to make. They asked me what did I do it for. I told them I didn't do it. He said you might as well make a plea and tell what you did, for you may be justified in doing it. Both the sheriff and prosecuting attorney said that. Mr. Mickelthwait said that 'you might as well make a plea. If you don't you will never get back to Virginia.'

"Mr. Mickelthwait said that he was going away, and that it was the last time I'd have a chance to see him. 'Go ahead and make a statement, it won't go any further. The judge is a young man, same as the sheriff and myself, and it will be better for you,' Mr. Mickelthwait said.

Says Prosecutor Gave Him Tobacco

The third time, Marshall testified that they again asked him to tell about it, that maybe he was justified in the act. He says that he told them again that he did not do it, and that one of them called him a liar.

The last time Marshall said that he told the sheriff that he was with the fellows who did it, but that he did not have any part in it.

He said that the prosecutor gave him half of a package of tobacco, and warned him that "it would be better for him to plead guilty." He said he told them again that he was not guilty.

Marshall testified that the time he made the last statement, some one present whom he described as a full-faced man remarked, "that ought to have a rope around his neck."

Deputy Sheriff Rome Arthur followed Marshall on the stand. He said that he was present during a portion of the time when Marshall is alleged to have made a verbal confession, implicating himself. He denied that any threats were made against him.

Arthur testified that Marshall said, "I have been lying all the time. I am going to tell the truth. All three of us are guilty alike, Barker, John Henry and me."

Arthur then stated that Marshall told them all about going after the dynamite, about John Henry dropping it and exclaiming, "Lord God, if it had exploded, we'd all been blown to hell," about putting the dynamite under the shack, and about all three running away before it exploded.

Says John Henry Applied Match

On cross examination, Arthur testified that Marshall confessed that he gave the match to John Henry, who lighted the fuse. The defense attempted to show that Marshall may have given the match to John Henry when he dropped the match.

With the examination of Arthur, the state rested its case.

Previous to the examination of the above witnesses, the state recalled Carl Carson, and examined Dr. J. F. York of Sciotoville to establish further the nature of the injuries of Ben Harrison, one of the victims, for whose death Marshall is being tried.

At Marshall, the accused, was the first witness called by the defense. He gave his name as Al Marshall, and his age at about 23, stating that he did not know when he was born. He said he was born in Lynchburg, Va., in 1892, he thought, and that he had lived there all of his life, except when leaving to take employment elsewhere.

He testified that he had been married once, that his wife had died, and that he was the father of two children, still living. He said that he came to the Perkins camp on May 28, last, and was there all the time until the night of the explosion. He said that he had known John Henry Smith previous to the explosion, but that he did not meet Henry Barker until the night of the explosion.

At the outset, Marshall straightened out the court and jury as to the proper names of the negroes mentioned in the testimony as "Big Shorty," "Slim," "Black Gal," "Shirts," and others.

He was also asked about "Jungle Shine" and "Florida Kid," the famous murder suspects, who are in the county jail, his attorneys indicating that they would be called to the stand later to testify as to some alleged conversations within the jail since Marshall and John Henry Smith have been incarcerated therein.

Attorney Mark A. Crawford, who conducted the examination of the defendant, at this juncture, offered a map of the Perkins camp, upon which Marshall identified before the jury the location of the different points referred to in the evidence.

Marshall had just started into a

Portsmouth Women Urge Wilson To Arrange Peace Conference

An appeal by wire to President Wilson to call a conference to end the world war went out from Portsmouth today with the endorsement of the Woman's Literary club and others. The president of the club, Mrs. Samuel Horehow, this morning, received the following telegram on the subject from Jane Addams, president of the Woman's Peace Party:

"For the sake of all anxious mothers dreading that their sons may be added to the ten million men already killed or crippled in this war, will you strengthen the appeal to be made next Friday by Ethel Snowden, of England, and Rosika Schwimmer, of Hungary, to President Wilson, by telegraphing him immediately at Washington somewhat as follows:

"We urge a conference of neutral nations dedicated to finding a just settlement of this war."

"JANE ADDAMS, Hull House, Chicago."

Mrs. Horehow wishes also to call attention to the special peace program to be given under the auspices of the Woman's Literary Club, at the club parlors, Fifth and Court streets, Friday afternoon at two o'clock. All ministers, teachers, professional men, and all others interested in the Peace Movement are asked to be present as guests of the club.

A feature of the program will be the playing of the national airs of the belligerent countries by the Czerwinski Trio.

OBITUARY

Mrs. Lora A. Stewart

Death has again invaded a well-known family in the passing Tuesday night, at 10:15 o'clock, of Mrs. Lora A. Stewart, aged 46 years, at her home No. 1014 Chillicothe street.

Mrs. Stewart had been bedridden for the past three months with heart disease and complications. She was the widow of the late Thomas B. Stewart, and a daughter of Thomas M. Scott, who in recent years, or since the death of Mrs. Scott, made his home with her. She leaves to mourn her untimely death three daughters and an only son, Viola, Elizabeth, Doris and Ray, all at home. She is also survived by four brothers, David, Bart and Thomas Scott, of this city, and Elmer Scott, of Oakland, Cal., and two sisters, Mesdames Lydia Schaefer and Katie Crawford, of Columbus. Mrs. Nettie Pugh, who died a year ago, was also a sister, and James Scott, who was killed in an elevator accident at the Selig shoe factory eight years ago, was a brother.

Mrs. Stewart was a member of Trinity Methodist Episcopal church and a good Christian woman, liked and respected by all who knew her. The funeral will take place from the late home Friday afternoon. Burial will be in Greenlawn cemetery.

Mrs. Smythe Funeral
The funeral of Mrs. Robert Smythe, of Lucasville, who died early Tuesday morning, will be held Thursday afternoon at two o'clock from the home with Rev. I. Peitsmeyer of the Lucasville M. E. church officiating. Interment will be made in Lucasville cemetery.

LIFE OF A DEFECTIVE BABE; PARENTS WANT IT TO DIE

New York, Nov. 24.—A case resembling that of the Bolinger baby of Chicago developed here today when a New York physician confronted the question whether the life of a defective baby should be saved by a surgical operation despite the wishes of the parents. The baby, a girl, was born last night. Mentally the child appears to be normal, but is paralyzed below the waist, has club feet, distorted knee joints and a

spinal ailment, which physicians say will prove fatal if an operation is not soon performed. Dr. Julius Goldsmith, the attending physician, notified the parents that the child's life could be saved only by a prompt operation. He said afterwards:

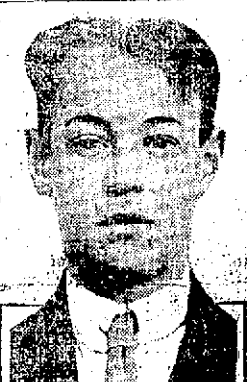

"The parents absolutely refuse permission for the necessary operation. I could probably save the child's life, although it always would remain helplessly crippled.

There is no action that I can take without the permission of the parents."

The father of the defective baby said:

"Believe the Chicago physician was right. For the sake of humanity, I would rather see this child die now than have it to live seven or eight years in misery and suffering. I think it would be better for all concerned. The doctors tell me an operation would only prolong its life and that

it would never be well. Even though the operation were performed it would be paralyzed below the waist. If the baby's imperfections were a small thing, it would be different matter. I would not want to sacrifice its life. But it would be useless if it lives. It would always be a cripple and a charge to its parents and society. It is a hard thing to say but it would be better dead."

ENGLAND TO SEND FOUR MILLION MEN INTO THE FIELD

Paris, Nov. 23.—Earl Kitchener, the British secretary of war, in conversation with Greek officials in his recent visit to Athens, is reported to have declared that England will have by next March four million soldiers under arms and will be in a position

to arm and provision six million Russians, and that consequently it would show great stupidity to think the war would end otherwise than in complete defeat for Germany.

This information is contained in an Athens despatch to

the Hava agency, which adds that Lord Kitchener admitted that the declaration of war found the entente powers insufficiently prepared for so long a campaign, but said that the allies had known how to utilize the time that has since elapsed to complete their military preparations.

VILLA FORCES TOO SLY FOR CARRANZA

Douglas, Arizona, Nov. 24.—Available Carranza reports today indicated that the failure of his commanders, combined with erroneous information, had resulted in a change of plans of General Obregon to crush the Villa forces in Sonora, and end revolutionary strife in Mexico.

General Rodriguez, escaping from Cananea and mistaking the Carranza chief since Saturday, is reported on his way to reinforce the Nogales garrison with his army of between 2,000 and 3,000 men. Colonel Cardenas, leading 1,200 Carranza cavalry, was last reported headed for the Sonora river valley.

THE WEATHER

Ohio—Partly cloudy tonight, Thursday, probably rain and warmer.

Kentucky—Partly cloudy tonight and Thursday. Warmer.

West Virginia—Fair tonight. Colder in east portion. Thursday increasing cloudiness; warmer, probably rain.

Bishop D. H. Moore Dies In Cincinnati

Cincinnati, Nov. 24.—Bishop David H. Moore, of the Methodist Episcopal church, who was taken to a hospital yesterday, suffering from what appeared to be a paralytic stroke, died last night.

Bishop Moore was returning to his home here from a visit to his brother in Chicago, when stricken.

Bishop Moore was retired from the Methodist Episcopal church in 1912 but since that time has taken an active part in important conferences of the church, including many on the Pacific Coast.

Shortly after being elected bishop in 1900, Dr. Moore was stationed at Shanghai, China, with special jurisdiction over the Methodist missionary work in China, Japan and Korea. From the Far East he was sent to Portland, Ore., where he remained head of his church until appointed bishop at

Cincinnati in 1904. Bishop Moore was born in Athens, Ohio, in 1858. Getting the Better of an Invention. Very wrong verdicts are come to by people who use modern inventions in the wrong way. The moving staircase at the embankment station offered a proof of this. A countrywoman was seen trying to ascend the descending side of the moving staircase there. There was no official about, and after two plucky attempts she at last made progress and doggedly worked her way up to the top. Some people who saw her efforts waited for her at the top. When she recovered her breath she said, "Oh, I don't think them moving staircases all the talk's about is any better than the old lift."—Manchester Guardian.

Masonic League Opens, Cement Specials Win, Bald Eagles Winners

With a report that sounded like the United States fleet saluting the stars and stripes, the Masonic Bowling League opened at the Play House, Tuesday evening, before an audience of two hundred rooters and Perry Winkler Young. When the clouds had been rolled away and the dead and wounded carted to the morgue, it was seen that the Cement Specials, captained by Chas. Horr, had triumphed over the Submarines three in a row, leaving Captain Floyd Fuller gasping for breath and wondering what on earth had hit his aggregation who debuted into the circles last night. While the Cement Specials were trimming the Submarines the Ironsides, led by Earl Clare were getting theirs at the hands of the Bald Eagles, although they did manage to get one in the right column.

Despite the fact that the bowlers as a whole have not seen an alley since last spring, some remarkably clever scores were rolled. Incidentally some of the pinbusters had never seen an alley, hence the veil of charity will be extended and bound over the eyes of the public at large—the scores speaking for themselves.

The Cement Specials had the honor of totalling the big total of the evening when they gathered 917 in their last game. This was made possible through the splendid work of Messrs. Jim Hager and George Freund, the former getting 144 while the up-town druggist pulled down 147.

Anchor man, Frank Freestone, came through with 136, the big score of the evening. Captain Clare of the Ironsides, was Johnny on the spot with 132. The games passed off pleasantly, amid more din than will be found in the Dardanelles. The score:

ARE GUARDING AGAINST INJURIES

Annapolis, Nov. 24—Signal drill and light scrimmaging, in which special cars will be taken to guard against injuries to any of the men, will be held at the naval academy this afternoon, and like yesterday, the practice will be secret. The final work out before the army game will take place on the Polo grounds on Friday afternoon.

NAVAL VESSELS TO GET NEWS

New York, Nov. 24—The score of the Army and Navy football game here Saturday will be flashed by army and navy officers around the world to every place where the United States has a warship or a soldier. The news will be sent to the naval vessels by wireless and it is expected that the navy officers will receive it sooner than their comrades in the army.

TWO REDS PLAYED IN EVERY GAME

Though the Reds finished in seventh place last year, they had two players among their number who went so far as to establish a world's record.

The two record breakers were Tom Griffith and Heine Groh, who played in more championship games of ball than any athletes ever did before in the history of the National League. Neither of these star performers missed a contest during the entire season, and they took part in six more games than the schedule called for as the Reds played half a dozen tie games, all of which were later played off to a decision.

Yale Squad To Be Strong

Harvard has only eight veterans left for next year's football team, and Mahan is not one of them.

Yale should cheer up. There'll be 15 members of this year's squad back for the 1916 team.

Frank Dwyer On Commission

Frank Dwyer for years one of the pitching mainstays of the Reds was pleased Tuesday when news was received from Albany, N. Y., of his appointment as a member of the State Boxing Commission of that state. Governor Whitman appointed Dwyer.

Phils Used 23 Players

Pat Moran put the Phillies on the baseball map this year with one of the smallest squads in the history of modern baseball. Pat used 23 men from start to finish of the season. The last previous time a National League club won a championship without using more than 23 men was in 1906. Chance used 23 men on the Cubs outfit that year.

Short Term Contracts

Chicago, Nov. 24—Short-term contracts will hereafter be offered players of the Chicago National League club, it was announced today. It was said that the officers of the club had become convinced that the long agreements, extending over several seasons, gave the shirkers among the players too much of an opportunity to invent excuses for absences from games.

Word comes from Michigan that Coach Yost will not only remain in Ann Arbor, but he is to get an increase in salary.

SERVICE HOUR TO SUIT GAME

Morgantown, W. Va., Nov. 24—Protestant church ministers of Morgantown do not intend to allow the annual Thanksgiving Day church service to interfere with the plans of the parishioners to attend the West Virginia Wesleyan football games at Fairmont Thursday. The services have been held at 10:30 o'clock Thanksgiving morning for over twenty years but the ministers voted today to move the services to 10 o'clock so that all who attend could catch the noon train for Fairmont.

Kilbane Winner

Toledo, O., Nov. 24—Johnny Kilbane won over Pucky Hammer, of New York, here last night in a ten-round bout. Neither made a strong effort to give a real exhibition, but Kilbane was given the decision.

Two Teams Dropped Out

Chicago, Nov. 24—Two teams, Young and Kopsky, and Corry and Cannon, dropped out of the six day bicycle race today, leaving ten of the fifteen original teams to finish the grid.

The riders were nearly 70 miles behind the world's record at the end of the 104th hour, having covered 1,093 miles and three laps.

100 Mile Race

San Francisco, Nov. 24—Several star automobilers are ready to compete today in the 100 mile match race at the Panama Pacific Exposition race track. Among the entrants are Barney Oldfield, Earl Cooper, 1915 speed champion, Teddy Tetzlaff and Cliff Durant.

Wanless Heads Peerless League; Team Going To National Tourney

James Wanless, who has presided over the destinies of the Peerless Bowling League for the past three years, was again chosen president of the organization at an enthusiastic and well-attended meeting at the Times office Tuesday evening. F. W. Sheridan was elected vice-president, while Clarence (Bud) Walters was chosen secretary-treasurer, the only salaried office of the league.

Judging from the enthusiasm shown, the league will thrive this season, for one of the first things done was to arrange for the sending of a team to the National Tournament at Toledo next spring. The team will be composed of the six highest average bowlers who participate in not less than 75 per cent of the scheduled games.

The league will open next Monday evening and will run until the latter part of April. The games will be equally divided between the Play House and Crystal Palace alleys, and all league games will be rolled on Monday nights. The league will consist of four clubs, namely, "Crystal Palace," Lou Distel captain; "Kandy Kids," Chris Malavazos, captain; "Play House," W. N. Gubelman, captain; "Invincibles," Byron Frederic. It is possible that other teams will be added. The following games will be rolled next Monday night: Invincibles vs. Kandy Kids, Crystal Palace alleys; Play House vs. Crystal Palace, at Play House alleys. Alleys Nos. 4 and 5 will be used at both places for tournament games. All games are to start promptly at 7:30 o'clock, and the members of each team will be required to pay an entrance fee of \$1.00, together with 30 cents each playing evening. The money so raised will be used to defray the expenses of the National Tournament team. The alley owners will donate a \$5.00 gold piece to the player making the highest individual score during the season. The owners will also present a gold medal to the high average man of the league, who will be known as the city champion, and who will be compelled to defend his title against all comers.

Everything looks auspicious for a successful season and bowling is expected to take on the interest that marked the sport during the season of 1912-13. All players who desire to join the league are requested to get in communication with the captains of the various teams.

A Pine Whooping Cough Remedy
Mothers, Dr. Bell's Pine-Tar-Honey is just the remedy for your children's cold ailments. The fact is that pine is a quick enemy of cold conditions. Its qualities loosen the mucus in the throat, soothe the lungs and open up the air passages. The combination of honey, soothing and pleasant, with the loosening pine quality makes this an ideal cough remedy for children. Each passing year brings for it, new friends. A family of growing children cannot afford to be without it. 25c a bottle.

Want Clarke And Rodgers Retained

A canvass of Cincinnati fans seems to show a preponderance of opinion in favor of the Cincinnati club retaining both Tom Clark and Bill Rodgers for the season of 1916. It is even said that Manager Herzog will be bombarded by a signed petition, urging him to retain both the Corona catcher and the pride of Pleasant Ridge—and Buck will have lots of time to think things over before he meets President Herrmann at the New York convention.

RICKEY MAY LAND HARRY LEGORE

If Harry Legore, the decorated Yale athlete, consents to become a professional baseball player, he has promised to join the St. Louis Browns.

Manager Rickey has decided to give George Baumgardner another chance in 1916, and the big, graceful right-hander will go South with the club in March.

Thousands have this disease—and don't know it

You may be afflicted with that dread disease of the teeth, pyorrhea, and not be aware of it. It is the most general disease in the world! The germ which causes it inhabits every human mouth—your mouth, and is constantly trying to start its work of destruction there.

Don't wait until the advanced stages of the disease appear in the form of bleeding gums, tenderness in chewing and loose teeth. You can begin now to ward off these terrible results. Accept the advice dentists everywhere are giving, and take special precautions by using a local treatment in your daily toilet.

To meet this need for local treatment and to enable everyone to take the necessary precautions against this disease, a prominent dentist has put his own prescription before the public in the convenient form of Senecio Tooth Paste.

Senecio contains the best corrective and preventive for pyorrhea known to dental science. Used daily it will successfully protect your teeth from this disease. Senecio also contains the best harmless agent for keeping the teeth clean and white. It has a refreshing flavor and leaves a wholesomely clean, cool and pleasant taste in the mouth.

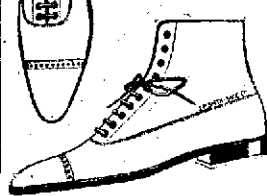

Start the Senecio treatment tonight—full details in the folder wrapped around every tube. Symptoms described. A 25c two oz. tube is sufficient for six or eight weeks of the pyorrhea treatment. Get Senecio at your druggists today, or send 4c in stamps or coin for sample tube and folder. Address The Senecio Remedies Co., 504 Union Central Bldg., Cincinnati, Ohio.

LOCAL INSURANCE MEN AT A SURPRISE PARTY

G. C. Yeazel, of the local Western and Southern Insurance Company office, recently attended a surprise party given Maxwell D. Schreiber, the district agent, of Ironton, of which the Irontonian had to say:

"Mr. Schreiber was enjoyably surprised by the fellow workers of the Western and Southern Life Insurance Company. The affair was arranged by Mrs. Schreiber and Mr. and Mrs. Frank M. Smith. The workers were brought from Portsmouth, Ashland and Huntington, presumably to help write some insurance. By a clever ruse they were brought to the Schreiber home, where they were welcomed effusively. A program was then observed. Dr. Wells, Frank Smith and Miss Faye Ferguson were on the program, while Miss Ferguson, Mr. Jones and Mr. Schreiber furnished the music. Those present were Mr. and Mrs. Frank Smith, Miss Faye Ferguson, Harrison Cruise, Albert Mowery, Thomas Moore, Miss Kate O'Shaughnessy, Joseph Imas, Nena Schreiber, Father Schreiber and Dr. E. E. Wells, of Ironton; Thomas Jennings, of Ashland; Charles Yeazel, of Portsmouth; George Wolf, of Huntington; and Harry Eckhart, of Charles ton."

THE WINTER OF GREAT DISTRESS

Damp and cold weather is destined to cause much suffering among Rheumatics. Guard Against it.

Get ready for winter by realizing that Rheumatism is a blood disease and must be relieved through the blood. Throw away the liniments and lotions, cut out the pain killers and stake your chances of relief on S. S. S. Some of the most renowned physicians that the world has ever known have been studying Rheumatism for fifty years in the laboratories of the Swift Specific Company in Atlanta, and if Rheumatism can be permanently relieved—and WE KNOW THAT IT CAN—they will tell you what to do for your trouble.

Rubbing with liniments, blistering, the application of plasters; in fact, anything that will produce counter-irritation, is good for external treatment of Rheumatism, but these simple remedies do not reach the seat of the disease nor touch the real cause, and relief is therefore only temporary. Rheumatism is due to uric acid and other irritant poisons in the blood, and as it circulates through the system, the muscles, joints and nerves, and exposure to the night air, cold chills, winds, or any sudden change in the weather, will bring on an attack which may last for a few days or linger for months. Every battle with Rheumatism leaves the blood in poorer condition, while the corroding acids are gradually consuming the oils and fluids that lubricate the muscles and joints, thus they become stiff, sometimes absolutely rigid.

Rheumatism with its sharp cutting pains cannot be cleaned, purified, literally washed free of the poisoned substances which it contains, and nothing affords such prompt and lasting relief as S. S. S. The tonic effects of this vegetable remedy are wonderful. The blood is cleansed, purified and its vitality strengthened and renewed, causing the blood to rapidly improve and builds up the entire system. The sufferer is not only free from Rheumatic pains, but experiences once more the thrill and exquisite pleasure of perfect health.

Get rid of Rheumatism before cold weather makes it worse. Don't take substitutes for S. S. S. Write our Medical Department at once; they want to advise you how to relieve Rheumatism quickly, thoroughly and make you well. S. S. S. sold at all drug stores. Don't accept substitutes—they are dangerous. Write the Swift Specific Company, Medical Department, Room 16, Atlanta, Ga.

MORE ABOUT APPLES.

Having gathered some interesting data and figures, bearing on Mr. Dillon's farmer, who raised a fine apple crop, that he said it wouldn't pay him to haul to town, we again return to the subject, with the confession of the suspicion that our friend Dillon's farmer was a poor hand at selling.

There is Farmer Harvey Deemar, of Harrisonville, who won two first prizes at the corn carnival, and sold his crop, short of two hundred bushels, at prices ranging from 80 cents to a dollar. Up to this year he had never raised any of the fruit worth eating, but he had his orchard sprayed for the first time by Dr. Keyes, something of an expert and he got enough out of it to pay taxes and furnish winter clothing and fuel. Then there is Farmer W. T. Funk, of Lucasville, who raised and marketed 1,400 bushels. He goes strong on Staymen's wine sap, one of the best eating and keeping apples that grows, and from his crop he realized close on to \$1,500, selling all right here in Portsmouth, anywhere from 80 cents to \$1.25, according to quality and quantity. He got pin money to the extent of \$18, at the corn carnival show. Dr. W. J. Keyes, of this city, who is building up an old orchard near Harrisonville, his crop a small one, sold it also at from eighty cents to \$1.25. It may be remarked that there is no greater apple enthusiast in the county than Dr. Keyes, and he is more than satisfied with his experiment so far. We must not fail to mention Lawyer A. T. Holcomb, of Portsmouth. He marketed 500 bushels and got an average price around 80 cents.

One grave mistake those raising apples make is not cultivating in variety and in right manner. Experience shows "good eaters" and fair keepers are the best for this section. A well assorted orchard should contain Staymen's wine sap, Grimes Golden, Delicious and Rome Beauty, and to these it would be a good idea to add King David, York Imperial and Belle Flower. If one intends to raise for the larger markets are to sell to buyers, who themselves harvest and barrel, it might be desirable to have a small, rather than a great variety. As a rule the apple that has plenty of juice and a pronounced flavor will be found the most profitable. In the names used we have given first the four that, all things considered, are best to begin with. Our personal preference is slightly leaning to the wine sap, but Grimes Golden and Rome Beauty are, perhaps, better known, and Delicious seems to be taking strong hold with growers.

Close care should be given to trees and above all they should be sprayed properly. No less important is keeping informed as to the markets. It will surprise most people, even the majority of growers themselves, that all of last winter, apples brought more day after day on the Chicago market than did grape fruit—that isn't such an exceptional case either. The per capita consumption of apples is rapidly growing, because they are not only good to the taste, but because it is becoming a more widely recognized fact, that they are the most wholesome of all fruits. You can eat an apple anywhere, any time, and it will do you good, and best of all you can now get apples almost the year 'round.

SHE AND HER WAYS.

Woman will have her will and that is all there is about it. What she doesn't take in it the law gives to her anyway; no, that isn't the right way of putting it either, but what she wills the law allows her.

This was tested no later than this week at Springfield, and so proven when the divorce suit of Pearl Marshall against Anna Marshall came on for trial. Pearl, who may or may not be a gem of purest ray serene and priceless, alleged and proved, for that matter, that the fair and festive Anna had spent the money he gave her for household necessities in going to the movies and buying knick-knacks and foolish personal adornments, and further that she had signed her husband's name to get money on his life insurance policy. He alleged this was gross neglect of wifely duty, and was besides cruel conduct. The judge held it wasn't anything of the sort, and then set down the law, that a marriage is a partnership and if a husband isn't satisfied with the way in which the wife runs the home all he has to do is to knock down and besides doing his own work from rising to setting of sun, do the sweeping, the scrubbing, the washing and the ironing and the thousand and other feminine tasks that are never done doing. The divorce was refused.

And yet they talk about woman demanding her rights. It's ridiculous to demand a thing when all you have to do is just take it, and be upheld in the matter.

The only thing that worries us in the announcement that Bryan is getting to oppose preparedness, is it is the first time we have ever known him not to be set hair-triggered for opposition.

CANCER CAN BE CURED!

(Journal of the American Medical Association.)

When there is mention of "a cure for cancer" the invincible hope of mankind takes a new flight. But so far time had laid low every vaunted "sovereign cure", and the reaction has too often brought on an aggravated attack of pessimism. The history of cancer is indeed composed in very large part of the sad record of various methods of treating the disease that have been hopelessly but unsuccessfully tried. As yet there is no cure for cancer—no panacea—that will heal up all forms of the disease. It seems as if a cure of that kind would be little short of a miracle, and this is not the age of miracles. Several agents have been discovered, that in certain cases have a curative effect on malignant growths, but tumors vary so in their nature that it is hardly to be expected that all kinds of growths should yield to one form of treatment. The manner of treating each kind is necessarily different. In the great majority of instances, therefore, it is still safe to say that the only reliable remedy is early surgical removal. Some rare or unusual cases may yield to other forms of treatment without the use of the knife, and certain agents are used for palliative treatment with wonderfully beneficial effect, even in hopeless inoperable cases. But so many remedies that have in the experimental stage given promise of value in the treatment of cancer have turned out to be practically useless that the public grows increasingly cautious of accepting a new "cure." Premature announcement concerning the efficacy of a particular form of treatment gives rise to much hysterical discussion and raises false hopes that make sufferers defer recourse to surgical treatment, which would save them if submitted to in time. The havoc of these false alarms impels the repetition of the remark of an eminent research worker who incisively states that "anything but surgery, where surgery is possible, in the treatment of cancer, is malpractice." This may seem a radical view, but until medical science produces a method of treatment that is recognized and sanctioned by the profession we had better "watch our step" in the matter of cancer cures. By the same token we may still insist that the chief defense against the enemy cancer at the present time is not a drug, nor a serum, nor a ray, nor a miracle, but simply the knowledge of the danger signals by which to recognize the disease early and have it promptly attended to by competent advisers. In early recognition and treatment lies the hope of cure.

As we recall an incident of a couple of years ago G. O. P. followers jeered themselves hoarse because the successful mayoralty candidate required all job hunters to file written application with him; they see nothing to scoff at in the order now when made by another and the shot is on the other foot.

It is a good thing to go down and look at that new bridge. It is no good proof as need be that Scioto county is learning to do things in a new way, the right way, which is making public improvements that are permanent in fact as well as in name. No; don't look at the towpath, that's another thing and another way.

The signs are we are to get some real Thanksgiving weather.

A DANGEROUS CROSSING.

Our attention has been called to the unsafe condition of the underground crossing just this side of Sciotoville. It is said to be in such shape that it is very dangerous, one of our correspondents stating that it was the most dangerous piece of road between Portsmouth and Ironton.

At the point in question there is a small stretch of about 150 yards that is not paved, the pike crosses under the B. & O. S-W. tracks and there is a sharp, short curve. Owing to it being dangerous the state refused to pave under the tracks until the B. & O. had lengthened its bridge, thus permitting the road to be straightened somewhat. Since the paving on either side was completed the B. & O. has put in a 40 foot steel span, and during the erection of this span a wreck caused the roadway underneath to be badly torn up. This has never been repaired and roughness of the road, together with the sharp curve, has produced a very dangerous condition.

The repair of the section is a small matter. That it has been allowed to go in its present condition, is surprising and it is to be hoped that the commissioners or the county surveyor, will see to it that the necessary repairs are made at once.

O-O-MEINTYRE.

New York, Nov. 24.—Sailors who come to Broadway for a touch of high life have invented a new drink called The Submarine Kiss. It is a silver fizz floated on a pony of creme yvette in a hollow-stemmed champagne glass. Those who have partaken of the drink, it seems, have had a remorseful return to a prohibition navy.

The way new drinks catch on is something amazing. Three hours after the new drink was invented near Herald Square it was being consumed by patrons in bars ten blocks away. The liquid combination is milky white above and purple below and the submarine effect is secured after drinking about three.

Bar-tenders say their jobs depend on knowing a new drink right after it is invented. For if they do not know how to mix it when it is sought they lose customers. The man whose business it is to pick out wall paper designs that are going to be fashionable next season has a soft job compared to the New York bartender.

Bob Davis, editor of the Munsey flock of magazines, received a few days ago a short fiction story from a well known newspaperman. By return mail the newspaperman received the following note:

MARSHALL REPUDIATES ALLEGED CONFESSIONS

Claims Officers Used Duress To Obtain Statements

Al Marshall, on trial in common pleas court on a charge of first degree murder growing out of his alleged complicity in the blowing up by dynamite of a railroad construction camp near Seotenville on the night of August 21, last, went on the stand in his own behalf shortly before five o'clock Tuesday afternoon.

His attorneys piloted him through his preliminary examination, and by the time for adjournment were all ready to question him concerning his movements immediately preceding the time of the explosion.

He resumed his testimony at the opening of this morning's session, which convened shortly after 8 o'clock.

Marshall had been on the stand earlier in the afternoon on cross examination to testify concerning his alleged confessions, made, it was claimed by the state, in the sheriff's office, in the presence of the sheriff, prosecuting attorney and witnesses.

Marshall repudiated each of the alleged confessions, and claimed that the officials used duress to obtain from him statements that would be damaging to him when his case came for trial. His denial was a sweeping one, throughout which he maintained his innocence of complicity in the crime.

Sheriff E. W. Smith was placed on the stand before Marshall by the state. Through this witness the state presented to the jury Marshall's alleged confessions, two written and one verbal one, each of which Marshall is alleged to have made in the presence of the sheriff and other witnesses.

Warm Legal Battle Provoked

The attorneys for the defense objected strongly to the admission of Sheriff Smith's testimony in this regard, and a warm legal battle was provoked. The court sustained their objection, and sent the jury out to give the prosecutor an opportunity to qualify the witness.

Later the sheriff was recalled, and the court decided that it was a question for the jury to decide whether the confession was a voluntary one on the part of the accused, as the examination of other witnesses was conflicting on this point.

The sheriff testified that he brought Marshall out in the sheriff's office one night in the presence of his son Earl, the prosecuting attorney, and W. W. Weidner, and asked him "to tell us all about the explosion."

Substance of Confession Related

Sheriff Smith then related the substance of the alleged confession made by Marshall, which was as follows:

That the defendant, Al Marshall, John Henry Smith, and Henry Barker, went down the road together; that Smith went to the dynamite house and brought out an arm-load of dynamite; that after proceeding a short distance, Smith stumbled and fell, spilling a part of the dynamite; that a match was lighted, and the dynamite picked up, all three continuing on the shack; that they put the dynamite under the house; that John Henry Smith split the fuse, that John Henry handled Barker lighted the match, and that Barker lighted the fuse. After that, all three ran.

In reply to a query from the defense, Sheriff Smith said that he did not know whether he had criticized the court for having refused to accept Marshall's plea of guilty and appoint counsel for the defense.

Had Conversation With Marshall

On cross examination, the sheriff admitted that he had a conversation with Marshall on the night of the explosion, but denied having accused him of being guilty of the crime.

When questioned about the first alleged confession, Sheriff Smith said: "One night as I took him to supper, Marshall told me he wanted to tell me all about the crime. I talked to him after supper, and the next morning I called prosecuting Attorney Mickelthwait and we took his statement. We later took another statement, about September 3rd."

The sheriff admitted telling Marshall he might have been justified and for him to tell it all. He admitted that he did not caution him that whatever he said would be used against him.

"The first time I talked to Mar-

shall after his arrest, he claimed that Kid Walker was the guilty party," said the sheriff. "He said he was not guilty. The prosecuting attorney or I told him that he may as well make a statement. Marshall replied, 'I won't plead guilty to something I haven't done.'"

The sheriff denied telling Marshall that he had better make a statement, as he would never get back to Virginia.

At the outset of his examination, Sheriff Smith told about being called to the Perkins camp on the night of August 21. When he arrived there about 2:30 or 3 o'clock, he said that he observed that one entire end of the building and a part of the next section had been blown away. A big hole had been torn out of the ground by the explosion, he said.

He testified that he saw Al Marshall and talked to him that night.

Alleges Marshall Made Verbal Confession

Later after his arrest and incarceration in the county jail, the sheriff stated that Marshall made the alleged verbal confession, voluntarily, and without intimidation or hope of reward. He said Marshall wanted to plead guilty with the understanding that he would not be electrocuted.

Prosecuting Attorney Joseph T. Mickelthwait was placed on the stand to testify concerning the alleged verbal confession. He said that he just asked Marshall to tell the truth, and that he replied that "all three were guilty, Barker, John Henry Smith, and me."

W. W. Weidner, who the state claims, was present when the alleged confession was made, corroborated the testimony of the sheriff and prosecuting attorney. He said that the prosecutor asked Marshall to tell the truth and that Marshall replied, "I have been lying long enough. All three are guilty, Barker, John Henry Smith, and me."

He testified that Marshall confessed that John Henry Smith said before the crime was committed, "Let's raise some hell." "We drank some whiskey, and then went up the road. John Henry went up on the hill and came back with an armload of dynamite. We went down to the shack, and put the dynamite under it. John Henry split the fuse, and I gave him the match and he lighted the fuse. We ran."

Louise Emmett, the prosecuting attorney's stenographer, who took down one of the alleged confessions, said she was called to the sheriff's office to take Marshall's statement on one occasion. She said the sheriff, prosecuting attorney, and herself were present. She said Marshall seemed rather "rattled," and that she could not understand him very well. She was then asked to transcribe her notes and submit it as part of the evidence.

D. W. Gustin Claims He Took Statement

D. W. Gustin, who also acted as stenographer when another alleged confession was made, said he was called to the sheriff's office late in September to take the statement. He testified that he did not hear the sheriff or prosecuting attorney say anything to induce Marshall to make the statement.

He admitted that something was said by some one present that the statement he took down differed in some particulars from the other statement.

At Marshall, the accused, was then placed on the stand to repudiate his alleged confessions.

Marshall stated that the sheriff and prosecuting attorney talked to him twice before the time he is alleged to have made the verbal confession. He said on the first occasion that they asked him what he knew about the crime, and he told them that he didn't know anything about it.

"They told me to make a plea," said Marshall. "I told them I had no plea to make. They asked me what did I do for. I told them I didn't do it. He said you might as well make a plea and tell what you did. Both the sheriff and prosecuting attorney said that Mr. Mickelthwait said that you might as well make a plea. If you don't you will never get back to Virginia."

Mr. Mickelthwait said that he was going away, and that it was the last time I'd have a chance to see him. "Go ahead and make a statement, it won't go any further. The judge is a young man."

same as the sheriff and myself, and it will be better for you," Mr. Mickelthwait said.

Says Prosecutor Gave Him Tobacco

The third time, Marshall testified that they again asked him to tell about it, that maybe he was justified in the act. He says that he told them again that he did not do it, and that one of them called him a liar.

The last time Marshall said that he told the sheriff that he was with the fellows who did it, but that he did not have any part in it.

He said that the prosecutor gave him half of a package of tobacco, and warned him that "it would be better for him to plead guilty." He said he told them again that he was not guilty.

Marshall testified that the time he made the last statement, some one present whom he described as a full-faced man remarked, "that ought to have a rope around his neck."

Deputy Sheriff Homer Arthur followed Marshall on the stand. He said that he was present during a portion of the time when Marshall is alleged to have made a verbal confession, implicating himself. He denied that any threats were made against him.

Arthur testified that Marshall said, "I have been lying all the time. I am going to tell the truth. All three of us are guilty alike, Barker, John Henry and me."

Arthur then stated that Marshall told them all about going after the dynamite, about John Henry dropping it and exclaiming, "Lord God, if it had exploded, we'd all been blown to hell," about putting the dynamite under the shack, and about all three running away before it exploded.

Says John Henry Applied Match

On cross examination, Arthur testified that Marshall confessed that he gave the match to John Henry, who lighted the fuse. The defense attempted to show that Marshall may have given the match to John Henry when he dropped the match.

With the examination of Arthur, the state rested its case.

Previous to the examination of the above witnesses, the state recalled Carl Carson, and examined Dr. J. F. Scott of Seotenville to establish further the nature of the injuries of Ben Harrison, one of the victims, for whose death Marshall is being tried.

Al Marshall, the accused, was the first witness called by the defense. He gave his name as Al Marshall, and his age at about 23, stating that he did not know when he was born. He said he was born in Lynchburg, Va., in 1892, he thought, and that he had lived there all of his life, except when leaving to take employment elsewhere.

He testified that he had been married once, that his wife had died, and that he was the father of two children, still living. He said that he came to the Perkins camp on May 28, last, and was there all the time until the night of the explosion. He said that he had known John Henry Smith previous to the explosion, but that he did not meet Henry Barker until the night of the explosion.

At the outset, Marshall straightened out the court and jury as to the proper names of the negroes mentioned in the testimony as "Big Shorty," "Shin," "Black Gal," "Shirts" and others.

He was also asked about "Jungle Shine" and "Florida Kid," the famous murder suspects, who are in the county jail, his attorneys indicating that they would be called to the stand later to testify as to some alleged conversations within the jail since Marshall and John Henry Smith have been incarcerated therein.

Attorney Mark A. Crawford, who conducted the examination of the defendant, at this juncture offered a map of the Perkins camp, upon which Marshall identified before the jury the location of the different points referred to in the evidence.

Marshall had just started into a recital of the events leading up to the explosion when court adjourned until this morning. He told about John Lewis, "Black Gal," Winslow Eddies, John Banks, Robert Banks, John Henry Smith, Henry Barker, and "Shirts" Johnson going under the cherry tree about 4 or 4:30 o'clock the afternoon of the crime to play "camps," when court adjourned.

HARVEY CULLOM SAYS HE'S HEIR TO FORTUNE

It will be a happy Thanksgiving day for Harvey Cullom and family, No. 1913 Union street, for he has just been apprised of the fact that he has fallen heir to between \$3,000 and \$4,000, he says.

Mr. Cullom, who is a well-known public works contractor and at present associated in the cement finishing business with Buck Kennedy, received word Wednesday morning that the estate of an aunt, Mrs. Susan McKinley, who died in Kansas City, Mo., had just been settled up and that the above amount would be his share. Delays in the settlement of the estate were occasioned by the difficulty with which some of the heirs were located. Mrs. McKinley was a sister of Harvey's father, the late William Cullom.

Mr. Cullom was overjoyed at the good news and said to a Times man that just as soon as the money reached his hands he would purchase a home with it.

SPECIAL SERVICES THURSDAY MORNING

The Rev. William Hart, pastor of Kendall Avenue Baptist church, will hold special Thanksgiving services in his church Thursday morning at 10 o'clock. A series of meetings will be commenced Thursday evening.

Mill Street Home Is Raided, Gambling Charge Is Preferred

Capt. Grant Cooper and a detail of police raided a house at Mill and Gay streets where a game of poker was said to be in progress, Wednesday morning about 2:30 o'clock.

William George, the tenant of the house, was charged with keeping a gambling place and permitting Mike Day, aged 17 years, a minor, to gamble. The former's brother, Jim George and Silas Scott, were

charged with gambling. Day was held as a witness. The others are said to have separated him from \$5 of his money during the game. The youths' mother made complaint to the police that the Georges were getting all of her son's earnings and that when not gambling at their home they would play poker up in the willows along the Ohio river bank.

Over 100 Moose Members Enjoy A Fine Pig Roast

Over one hundred members of the Loyal Order of Moose participated in a pig roast at the lodge headquarters Tuesday evening, following the regular weekly meeting. The delicious roast was served with all the usual trimmings, the feast being one of the most enjoyable ever held by the lodge.

A short business session preceded the spread, which was featured by addresses by Senator W. D. Tremper, St. Straus and S. A. Jussely, press agent for the Sellers

Photo circus, who is wintering in this city.

When the lodge session was over the members repaired to the club quarters on the floor above, where Ben Durham and Charles McAfee, with a corps of capable assistants, had everything in readiness for the big feast. It was a late hour when the social session came to an end.

The committee in charge of the enjoyable affair included W. O. Suively, of Rushtown; Clark Walder, of McDermott and St. Straus

of this city. Dictator Joseph Krail and Secretary Harry Hudson were also on hand to see that the members and guests were taken care of.

The pig was donated by W. O. Shively of Rushtown, killed and dressed by Ben Durham and roasted by Adams Brothers.

So well was the feed enjoyed that the lodge immediately arranged to have a lamb roast on the first meeting night in January.

One applicant for membership was received at the meeting.

GREENUP HUNTER IS ACCIDENTALLY SHOT

While hunting three miles back of Greenup, Tuesday afternoon, Harlin Thompson, of Riverport, was accidentally shot and painfully wounded by his companion, James Littoral. Eight shots were imbedded in Thompson's face. He was on one side of the railroad track and when a rabbit jumped up in front of Littoral on this side of the track, he fired at the rabbit and Thompson was almost directly in front of the gun. Thompson was brought to Dr. H. T. Morris' office in Greenup at 5 o'clock last evening. Four of the shots were found imbedded in his right jaw, giving evidence of how close he was to the gun when discharged.

Wellston Iron & Steel Comp'y Thrown Into Receivers Hands

Jackson, O., Nov. 24.—On application of M. L. Sternberger, Jr., the Wellston Iron and Steel Company was thrown into the hands of receivers today.

There are no creditors other than stockholders of the company, and the action was taken to effect a reorganization.

The company is capitalized at \$1,800,000 and was founded in 1873 by Harvey Wells. It operates three blast furnaces. M. L. Sternberger, of Jackson, and Henry Willard, of Wellston, were appointed receivers.

LABOR COUNCIL MEETS TONIGHT

A very important special meeting of Central Labor Council will be held this (Wednesday) evening at the Central Labor hall in the Carr block over the Lyric theatre.
